Designing the Urban Renaissance Francesco Vescovi,2013-01-12 This book is an academic essay about the urban regeneration policies which have been changing the physical and partly social outlook of many English cities during the last 10 15 years eventually giving birth to a process which is also known as Urban Renaissance The main focus is on urban design the way it has been promoted by the government as an important means for delivering attractive places in more sustainable and competitive cities The research describes the support given to local authorities for this purpose through new laws and powers the publishing of planning and design manuals and the delivery of especially dedicated funds bodies and programmes It also explores the character and purpose of new developments such as scientific parks creative cultural quarters retail and commercial districts public realm works describing recurring design rules and features Readers interested in urban policies architecture and the built environment will find a concise yet comprehensive explanation enriched by more than a hundred pictures on why and how many towns and cities like Birmingham Nottingham Leicester or Sheffield have been changing during the last decade

Sustainable Urban Neighbourhood David Rudlin,Nicholas Falk,2010-05-14 This successful title previously known as Building the 21st Century Home and now in its second edition explores and explains the trends and issues that underlie the renaissance of UK towns and cities and describes the sustainable urban neighbourhood as a model for rebuilding urban areas The book reviews

the way that planning policies architectural trends and economic forces have undermined the viability of urban areas in Britain since the Industrial Revolution Now that much post war planning philosophy is being discredited we are left with few urban models other than garden city inspired suburbia Are these appropriate in the 21st century given environmental concerns demographic change social and economic pressures The authors suggest that these trends point to a very different urban future The authors argue that we must reform our towns and cities so that they become attractive humane places where people will choose to live The Sustainable Urban Neighbourhood is a model for such reform and the book describes what this would look like and how it might be brought about

Guide to Genealogical Resources in the British Isles Dolores B. Owen,1989 No descriptive material is available for this title

Housing Design Quality Matthew Carmona,2002-01-04 This book directly addresses the major planning debate of our time the delivery and quality of new housing development As pressure for new housing development in England increases a widespread desire to improve the design of the resulting residential environments becomes evermore apparent with increasing condemnation of the standard products of the volume housebuilders In recent years central government has come to accept the need to deliver higher quality living environments and the important role of the planning system in helping to raise design standards *Housing Design Quality* focuses on this role and in particular on how the various policy instruments available to public authorities can be used in a positive manner to deliver higher quality residential developments
