November 2010 Geography Paper 2 Memo:

Breaking Ice for Arctic Oil Ross Coen, 2012-04-15 In 1969 an icebreaking tanker the SS Manhattan was commissioned by Humble Oil to transit the Northwest Passage in order to test the logistical and economic feasibility of an all marine transportation system for Alaska North Slope crude oil Proposed as an alternative to the Trans Alaska Pipeline the Manhattan made two voyages to the North American Arctic and collected volumes of scientific data on ice conditions and the behavior of ships in ice Although the Manhattan successfully navigated the Northwest Passage closing a five hundred year chapter of Arctic exploration by becoming the first commercial vessel to do so the expedition ultimately demonstrated the impracticality of moving crude oil using icebreaking ships Breaking Ice for Arctic Oil details this historic voyage establishing its significant impact on the future of marine traffic and resource development in the Arctic and setting the stage for the current oil crisis

Decolonization and Conflict Martin Thomas, Gareth Curless, 2017-06-15 Insurgency based irregular warfare typifies armed conflict in the post Cold War age For some years now western and other governments have struggled to contend with ideologically driven guerrilla movements religiously inspired militias and systematic targeting of civilian populations Numerous conflicts of this type are rooted in experiences of empire breakdown Yet few multi empire studies of decolonisation s violence exist Decolonization and Conflict brings together expertise on a variety of different cases to offer new perspectives on the colonial conflicts that engulfed Europe s empires after 1945 The contributors analyse multiple forms of colonial counter insurgency from the military engagement of anti colonial movements to the forced removal of civilian populations and the application of new doctrines of psychological warfare Contributors to the collection also show how insurgencies their propaganda and methods of action were inherently transnational and inter connected The resulting study is a vital contribution to our understanding of contested decolonization It emphasises the global connections at work and reveals the contemporary resonances of both anti colonial insurgencies and the means devised to counter them It is essential reading for students and scholars of empire decolonization and asymmetric warfare

times and places **Betrayed** S. Kaplan, 2013-11-26 Betrayed takes a new approach to the subject of global poverty one that doesn't blame the West but also doesn't rely on the West for solutions Betrayed puts the poor themselves at center stage and shows how their entrepreneurial energies are shackled by political and social discrimination When these shackles are removed as is happening in places such as China and Vietnam the poor are able to seize opportunities and drive wealth creation Combining the latest research into poverty and state building with the author's personal observations drawn from years running businesses in the developing world Betrayed explains how leaders in the developing world can build more inclusive societies and more equitable governments thereby creating dynamic national economies and giving the poor the opportunity to accumulate the means and skills to control their own destinies This refreshing new approach will appeal to business people who are fed up with reading critiques of global poverty that see capitalism as the problem not the solution people in both the global North and South who want to see attention focused not on Western aid but on what developing countries and their citizens can do to help themselves scholars and practitioners in the development field who are looking for new practicable ideas and general readers who want accessible and engaging accounts of ordinary people struggling to overcome poverty A Theory of the Drone GrŽgoire Chamayou, 2015-01-06 The Parisian research scholar and author of Manhunts offers a philosophical perspective on the role of drone technology in today's changing military environments and the implications of drone capabilities in enabling democratic choices 12 500 first printing *The Urban Political* Theresa Enright, Ugo Rossi, 2017-11-01 This book examines the political and economic trajectories of cities following the 2008 financial crisis The authors claim that in this era which they dub late neoliberalism urban spaces institutions subjectivities and organizational forms are undergoing processes of radical transformation and recomposition The volume deftly argues that the urban political horizon of late neoliberalism is ambivalent marked by many progressive mobilizations for equality and justice but also by regressive forces of austerity exploitation and domination *Russia's Frozen Frontier* Alan Wood, 2011-04-15 Told from a Siberian point of view this book seeks to dispel something of the miasma of ignorance and misconception surrounding this vast expanse the planet's land surface its fascinating history its natural environment and most importantly the peoples who live or have lived and died there *Taken For A Ride* Matteo Rizzo, 2017-05-19 How does public transport work in an African city under neoliberalism Who owns what in it Who has the power to influence its shape and changes in it over time What does it mean to be a precarious and informal worker in the private minibuses that provide public transport in Dar es Salaam These are the main questions that inform this in depth case study of Dar es Salaam's public transport system over more than forty years The growth of cities and informal economies are two central manifestations of globalization in the developing world Taken for a Ride addresses both drawing on long term fieldwork in Dar es Salaam Tanzania and charting its public transport system's journey from public to private provision This new addition to the Critical Frontiers of Theory Research and Practice in International Development Studies series investigates this shift alongside the

increasing deregulation of the sector and the resulting chaotic modality of public transport It reviews state attempts to regain control over public transport and documents how informal wage relations prevailed in the sector The changing political attitude of workers towards employers and the state is investigated from an initial incapacity to respond to exploitation to the political organisation and unionisation which won workers concessions on labour rights A longitudinal study of workers throws light on patterns of occupational mobility in the sector and the political and economic interests that shaped the introduction of Bus Rapid Transit in Dar es Salaam and local resistance to it are analysed Taken for a Ride reveals the political economy of public transport exposing the limitations of market fundamentalist and post colonial scholarship on economic informality the urban experience in developing countries and the failure to locate the agency of the urban poor within their economic and political structures It is both a contribution and a call for the contextualised study of actually existing neoliberalism

The Fire Below Robert Bruce Ware,2013-05-13 This groundbreaking work examines the complex dynamics of Russia s relations with the Caucasus revealing the profound effects that Caucasian forces have had upon Russia s

development Essays show how Georgian sparks ignited conflagrations in South Ossetia 1991 1992 and Abkhazia 1992 1993 spreading northward to conflicts in Ossetia and Ingushetia 1992 and Chechnya 1994 1996 Combined with jihadist influences that entered from the South and East by way of Dagestan these events culminated in the second Russo Chechen war 1999 2009 Chechnya transformed both the Russian military and the presidency of Vladimir Putin Beginning in 2000 Putin s Chechenization strategy had unforeseen and controversial results for the entire Russian Federation These ironies are elucidated in case studies of the Stavropol region the Sochi Olympics the Pussy Riot conviction and Russia s efforts to reintegrate religion with politics against the backdrop of an emerging Islamic inner abroad Neither Russia nor the Caucasus can be understood without an appreciation of their uneasy interconnection and its explosive consequences Transnational Migration, Gender and Rights Ragnhild Sollund, 2012-02-03 This book examines the vulnerability caused by migration in particular the vulnerability of women that may cause forced migration and the ways in which this is dealt with by national authorities in affluent European states It explores transnational migration gender and human rights migration regimes and anti trafficking efforts in Norway Towards Better Work A. Rossi, A. Luinstra, J. Pickles, 2014-02-12 Globalization of production has created opportunities and challenges for developing country producers and workers This volume provides solutions oriented approaches for promoting improved working conditions and labour rights in the apparel industry A Global Idea Mayssoun Sukarieh, 2023-08-15 A Global Idea outlines how youth as shown by the Arab Spring uprisings and subsequent state responses became a prominent social and political category during the first two decades of the twenty first century in the Middle East Drawing on ethnographic fieldwork interview data and textual analysis Mayssoun Sukarieh explains that the spread of youth as an important category is linked to the operation of a global youth development complex a diverse transnational network of state private sector civil society and international development aid organizations that worked through key urban areas such as Washington DC Amman and Dubai In its analysis of the arrival extension and embedding of the youth development complex in the Middle East during this period A Global Idea addresses a broader question that is of global and not just regional concern How are certain ideas that are central to the working and reproduction of global capitalism able to travel the world so that they are found virtually everywhere **The Central Asian Economies in the Twenty-First Century** Richard Pomfret, 2019-01-15 This book analyzes the Central Asian economies of Kazakhstan the Kyrgyz Republic Tajikistan Turkmenistan and Uzbekistan from their buffeting by the commodity boom of the early 2000s to its collapse in 2014 Richard Pomfret examines the countries relations with external powers and the possibilities for development offered by infrastructure projects as well as rail links between China and Europe The transition of these nations from centrally planned to market based economic systems was essentially complete by the early 2000s when the region experienced a massive increase in world prices for energy and mineral exports This raised incomes in the main oil and gas exporters Kazakhstan and Turkmenistan brought more benefits to the most populous country Uzbekistan and left the

poorest countries the Kyrgyz Republic and Tajikistan dependent on remittances from migrant workers in oil rich Russia and Kazakhstan Pomfret considers the enhanced role of the Central Asian nations in the global economy and their varied ties to China the European Union Russia and the United States With improved infrastructure and connectivity between China and Europe reflected in regular rail freight services since 2011 and China s announcement of its Belt and Road Initiative in 2013 relaxation of United Nations sanctions against Iran in 2016 and the change in Uzbekistan s presidency in late 2016 a window of opportunity appears to have opened for Central Asian countries to achieve more sustainable economic futures

Who Speaks for the Climate? Maxwell T. Boykoff, 2011-09-22 The public rely upon media representations to help interpret and make sense of the many complexities relating to climate science and governance Media representations of climate issues from news to entertainment are powerful and important links between people s everyday realities and experiences and the ways in which they are discussed by scientists policymakers and public actors A dynamic mix of influences from internal workings of mass media such as journalistic norms to external political economic cultural and social factors shape what becomes a climate story Providing a bridge between academic considerations and real world developments this book helps students academic researchers and interested members of the public make sense of media reporting on climate change as it explores who speaks for climate and what effects this may have on the spectrum of possible responses to contemporary climate challenges

Smart Cities Mark Deakin, 2013-08-22 Smart city development has emerged a major issue over the past 5 years Since the launch of IBM s Smart Planet and CISCO s Smart Cities and Communities programmes their potential to deliver on global sustainable development targets have captured the public s attention However despite this growing interest in the development of smart cities little has as yet been published that either sets out the state of the art or which offers a less than subjective arm s length and dispassionate account of their potential contribution This book brings together cutting edge research and the findings from technical development projects from leading authorities within the field to capture the transition to smart cities It explores what is understood about smart cities paying particular attention on the governance modelling and analysis of the transition that smart cities seek to represent In paving the way for such a representation the book begins to account for the social capital of smart communities and begins the task of modelling their embedded intelligence through an analysis of what the embedded intelligence of smart cities contributes to the sustainability of urban development This innovative book offers an interdisciplinary perspective and shall be of interest to researchers policy analysts and technical experts involved in and responsible for the planning development and design of smart cities It will also be of particular value to final year undergraduate and postgraduate students interested in Geography Architecture and Planning
