## **Performing The Self Women S Lives In Historical Perspective:**

*Performing the Self* Katie Barclay, Sarah Richardson, 2016-04-14 That the self is performed created through action rather than having a prior existence has been an important methodological intervention in our understanding of human experience It has been particularly significant for studies of gender helping to destabilise models of selfhood where women were usually defined in opposition to a male norm In this multidisciplinary collection scholars apply this approach to a wide array of historical sources from literature to art to letters to museum exhibitions which survive from the medieval to modern periods In doing so they explore the extent that using a model of performativity can open up our understanding of women s lives and sense of self in the past They highlight the way that this method provides a significant critique of power relationships within society that offers greater agency to women as historical actors and offers a challenge to traditional readings of women s place in society An innovative and wide ranging compilation this book provides a template for those wishing to apply performativity to women s lives in historical context This book was originally published as a special issue of *Women s History Review*

*Women in Eighteenth-Century Scotland* Deborah Simonton, 2016-12-05 The eighteenth century looms large in the Scottish imagination It is a century that saw the doubling of the population rapid urbanisation industrial growth the political Union of 1707 the Jacobite Rebellions and the Enlightenment events that were intrinsic to the creation of the modern nation and to putting Scotland on the international map The impact of the era on modern Scotland can be seen in the numerous buildings named after the luminaries of the period Adam Smith David Hume William Robertson the endorsement of Robert Burns as the national poet hero the preservation of the Culloden battlefield as a tourist attraction and the physical geographies of its major towns Yet while it is a century that remains central to modern constructions of national identity it is a period associated with men Until recently the history of women in eighteenth century Scotland with perhaps the honourable exception of Flora McDonald remained unwritten Over the last decade however research on women and gender in Scotland has flourished and we have an increasingly full picture of women s lives at all social levels across the century As a result this is an appropriate moment to reflect on what we know about Scottish women during the eighteenth century to ask how their history affects the traditional narratives of the period and to reflect on the implications for a national history of Scotland and Scottish identity Divided into three sections covering women s intimate intellectual and public lives this interdisciplinary volume offers articles on women s work criminal activity clothing family education writing travel and more Applying tools from history art anthropology cultural studies and English literature it draws on a wide range of sources from the written to the visual to highlight the diversity of women s experiences and to challenge current male centric historiographies

*Performing the Self: Women's Lives in Historical Perspective* ,2013      **Women and the Travel Guidebook, 1870-c.1910** Jasmine Proteau, 2025-01-31 Although the printing giants of John Murray and Karl Baedeker dominated the nineteenth century travel guidebook market women were important producers and consumers of guides This

book argues that in the late nineteenth century women were key cultural producers of travel guidebooks an important form of non fiction mass media during an upsurge and shift in European travel and tourism While a limited number of studies have identified a small number of female authored guidebooks this is the first to take a broad view of women s place within the guidebook market situating female authored texts within a large and competitive book market to understand the role of gender in guidebook publication Given Italy s historic religious cultural and artistic significance to the Anglophone world guides to Italy were perhaps the most numerous among all the guidebooks targeted at travellers from the United Kingdom and North America in the nineteenth century and therefore form a key focus of this study

*African Women Writing Diaspora* Rose A. Sackeyfio, 2021-04-26 African Women Writing Diaspora Transnational Perspectives in the Twenty First Century examines contemporary fiction by African women authors to resonate diaspora perspectives on what it means to be African within transnational spaces Through a critical lens the collection interrogates the ways in which women construct new ways of telling the African story in the global age of social economic and political transformation African Women Writing Diaspora illustrates that for African women life in the diaspora is an uncharted journey across new landscapes of identity beyond Africa's borders as a unifying theme The fictional works analyzed represent the leading women writers who dominate the African literary canon and the contributors explore diverse themes of immigrant life racialized identities and otherness within transnational spaces of the west

Death, Emotion and Childhood in Premodern Europe Katie Barclay, Kimberley Reynolds, Ciara Rawnsley, 2017-02-06 This book draws on original material and approaches from the developing fields of the history of emotions and childhood studies and brings together scholars from history literature and cultural studies to reappraise how the early modern world reacted to the deaths of children Child death was the great equaliser of the early modern period affecting people of all ages and

conditions It is well recognised that the deaths of children struck at the heart of early modern families yet less known is the variety of ways that not only parents but siblings communities and even nations responded to childhood death The contributors to this volume ask what emotional responses to child death tell us about childhood and the place of children in society Placing children and their voices at the heart of this investigation they track how emotional norms values and practices shifted across the fifteenth to nineteenth centuries through different religious legal and national traditions This collection demonstrates that child death was not just a family matter but integral to how communities and societies defined themselves Chapter 5 of this book is available open access under a CC BY 4.0 license at [link.springer.com](https://link.springer.com)

*Mere Bagatelles: Women's Diaries from Ireland, 1760-1810* Amy Prendergast, 2024-09-13 Honorable Mention in the ACIS Robert Rhodes Prize for Books on Literature 2024 An Open Access edition of this book will be available on publication on the Liverpool University Press website and the OAPEN library Engaging with previously overlooked diaries by women in Ireland written between 1760 and 1810 this book opens new avenues concerning authorship and female agency transforming our understanding of women's contributions to both literature and culture The result of extensive archival research across multiple international archives this book presents an entirely new corpus that demonstrates the creativity and literary capabilities of women in this period The surviving diaries showcase these women's engagement with a form that allowed them to explore their subjectivity and to experiment with the presentation of self This book demonstrates how these bagatelles should be treated as literary works that were shaped by and in turn influenced wider cultures of reading and writing underlining the generic fluidity at play The diary form forces a dismantling of the neat binaries of public and private of imaginative and non imaginative prose writing complicating our understandings of each The content of these diaries prompts a re-evaluation of the very contours of Irish writing and what we consider as literature while allowing us to rediscover the importance of manuscripts to our explorations of literary culture

**Doing Women's Studies** Gabriele Griffin, 2013-07-04 With the expansion of the EU in 2004 and its inclusion now of 25 European countries the movement of workers across the Continent will affect the employment opportunities of women But as this up to date investigation across nine countries shows there remain significant differences amongst specific European countries regarding women's education and employment opportunities Taking 1945 as its historical starting point this sociological study based on some 900 questionnaire responses and more than 300 in depth interviews explores the complex inter relationship between women's employment the institutionalization of equal opportunities and Women's Studies training This volume is the first to explore what happens to women who have undertaken Women's Studies training in the labour market Factors influencing their actual employment experiences include employment opportunities for women in each country their expectations of the labour market and gender norms informing those expectations how far equal opportunities are actually enforced and the strength of local women's movements *Doing Women's Studies* provides unique information about and insightful analyses of the changing

patterns of women's employment in Europe equal opportunities in a cross European perspective educational migration gender race ethnicity and nationality and the uneven prevalence and impact of Women's Studies on the lifestyles and everyday practices of those women who have experienced it The contributors are prominent feminist researchers from nine European countries Their findings will be of interest to sociologists and gender studies experts working in the areas of gender employment equal opportunities and the impact of education on employment

*On Living Through Soviet Russia* Daniel Bertaux, Anna Rotkirch, Paul Thompson, 2004-08-02 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The new policy of glasnost at the end of the 1980s resulted in a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and western researchers This book is a fascinating collection of life stories and family history interview material collected by the editors and two Russian groups of interviewers

*Living Through the Soviet System* Leo Lowenthal, 2017-07-05 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The situation changed dramatically with the new policy of glasnost at the end of the 1980s The result was a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and also by Western researchers Daniel Bertaux and Paul Thompson both began collecting life story and family history interview material in the early 1990s and this book is the outcome of their initiative *Living Through the Soviet System* analyzes through personal accounts how Russian society operated on a day to day level It contrasts the integration of different social groups the descendants of the pre revolutionary upper classes the new industrial working class or the ethnically marginalized Russian Jews It examines in turn the implications of family relationships working mothers absent fathers and caretaking grandmothers patterns of eating together and of housing the secrecy of sex the suppression of religion and the small freedoms of growing vegetables on weekends on a dacha plot Because of its basis in direct testimonies the book reveals in a highly readable and direct style the meaning for ordinary men and women of living through those seven dark decades of a great European nation Because of the centrality of Soviet Russia to the history of the twentieth century world this book will be of interest to a wide range of readers It will be of importance to students researchers and teachers of history and sociology as well as specialists in East European and other communist societies

Marginalized Women and

Work in 20th- and 21st-Century British and American Literature and Media Hediye Özkan, 2022-10-31 *Marginalized Women and Work in 20th and 21st Century British and American Literature and Media* examines the intricate relationship between marginalized women and work through critical essays about representations of women's work in non-canonical literary writings, mass media, and popular culture. Covering a broad range of texts including Paule Marshall's fiction, Natasha Trethewey's poetry, and the Netflix series *Self Made: Inspired by the Life of Madam C. J. Walker* among others, this collection takes an intersectional approach in order to shed light on the definition and meaning of marginalized women's work and the value of their labor in the capitalistic economic systems of the twentieth and twenty-first centuries.
