

Student Model

Charlotte, the seventh-grade writer of this model, organizes her essay into paragraphs that describe different aspects of her subject. The closing leaves the reader with a clear idea of the important place her grandfather holds in her memory.

The Great Paw Paw

Memory. The dictionary defines it as the mental ability to recall past experiences. We think of it as that picture we saw, the words she said. Who in your life is so vivid in your memory that you could describe him or her without a second thought? For me, it's my grandpa. But when I was small, I couldn't say "Grandpa," so 13 years ago, Theodore Lazarus became Paw Paw.

To all the grandkids, Paw Paw was full of fun and games. We all remember his favorite expressions, the ones that would pop out each time we saw him. Luckily, we visited Paw Paw quite often. We often overheard his little squabbles. "No way, José!" Paw Paw would yell; in response, we would shout back, "Yes way, José!" and burst into giggles. My younger siblings and cousins would tell Paw Paw about school, or ballet, or baseball, or their pet iguana, and just when they got into the story, he'd roar, "No kiddin'!" with a huge smile on his face. Paw Paw helped us remember that life should be fun.

Being the oldest of all the grandchildren, I remember more than my siblings and cousins do, but we all remember how predictable Paw Paw's clothes would be. Most likely, he'd be wearing a white cotton shirt under another shirt, which was the kind that is red or blue, has one or two breast pockets, is plaid or striped, with buttons down the front. Being loose, it covered his big, round belly. He'd be sitting in the tall wooden chair in the corner by his desk, shouting into the black telephone with the big buttons.

Evans, Neil J Anderson, William G. Eggington, 2015-06-12 ESL Readers and Writers in Higher Education describes the challenges ESL students in U S postsecondary institutions face when studying in a second language and offers suggestions for how teachers advisors tutors and institutions might provide support that meets the reading and writing needs of this very important student population Because the ESL profession as a whole including what professionals are doing in

the classroom sits under the umbrella of an institutional response to a language related challenge some solutions aimed at helping students achieve optimal proficiency lie outside of the classroom As such this book is based on the assertion that language development support is not the sole responsibility of language teachers Everyone on campuses that hosts ESL students bears some responsibility for these students language development Chapters are therefore intentionally adapted to appeal to a wide variety of readers from classroom teachers and teachers in training to admissions officers academic advisors and international student advisors
