

Reflection Essay

With completing the first term in the Constructed Self class, I was able to benefit from a variety of new things from the class, as well as refresh my memory on things that I already knew, just needed a reminder about.

The biggest hurdle in the class for me was time management. I am a procrastinator and always have been, so completing assignments on time was and still is a challenge for me. I have not come to a full solution to this problem yet, but I did make changes in my life as to how I can manage time management. I found that it was easier for me to focus on homework if I was outside my dorm room, because when in my dorm, I would usually mess around on the internet or take naps. I don't think realistically I will get over procrastination anytime soon, but I can manage it.

With hurdles came hidden strengths I discovered about myself. I've never thought of myself as a leader, but because the class used group thinking in more than one occasion, I found that I am a good leader. I communicate my ideas to the group while trying to balance the ideas of others so the group can come to an agreed upon decision. Obviously this can benefit me no matter what career I decide to go into, because the ability to take control of a situation and still remain diplomatic with colleagues is a valuable asset to have. Other than this, I can't think of any other strength I discovered. I

Learning Together Nancy Falchikov, 2003-08-27 The number of students in higher education has expanded dramatically in recent years but funding has not kept pace with this growth The result is less contact time for lecturers and their students and corresponding worries about how the quality of teaching and learning can be improved Peer tutoring is one method which is growing in popularity and has already proved successful in a number of countries This book provides an introduction to the methods and practice of peer tutoring focusing on how to set up schemes and how to cope with common problems It discusses the theory behind this form of learning and the beneficial effects associated with it Summaries are included at the end of each chapter

Rigor by Design, Not Chance Karin Hess, 2023-01-18 A practical and systematic approach to deepening student engagement promoting a growth mindset and building a classroom culture that truly supports thinking and learning Every student deserves access to deep and rigorous learning Still some persistent myths about rigor can get in the way such as the belief that it means more or harder work for everyone rather than challenging and advancing students thinking So how can teachers get more clarity on rigor and foster more meaningful learning in their classrooms In *Rigor by Design Not Chance* veteran educator Karin Hess offers not only a clear vision of what makes learning deep and rigorous but also a systematic and equitable approach for engaging students of all ages in rich learning tasks To that end she outlines five essential teacher moves that foster thinking and learning

- 1 Ask a series of probing questions of increasing complexity
- 2 Build schemas in each content area
- 3 Consider ways to strategically scaffold learning
- 4 Design complex tasks that emphasize transfer and evidence based solutions
- 5 Engage students in metacognition and reflection throughout the learning process

From there Hess details how to create an actionable assessment cycle that

will drive learning forward in any classroom This book offers a treasure trove of strategies student look for behaviors and templates to guide teachers in their work as well as an array of rich performance based assessments to engage and challenge students School leaders and instructional coaches can also benefit from the variety of teacher friendly supports to foster rigorous learning in their schools Ultimately Rigor by Design Not Chance helps educators empower students to take greater ownership of their own learning *The Practice of Response* Richard Straub,2000 This text sets out to help teachers gain a practical understanding of response to student writings It displays and analyzes various sets of comments defining the strategies used in each and situating teacher response in the larger context of writing instruction
