The Anthropologists' Cookbook Jessica Kuper, 2012-11-12 First published in 1997, this cookbook invites you to sample cuisines that are still exotic even in the post-modern kitchen. Try out cooking techniques from the Colombian Amazon or from Highland New Guinea. Experiment with recipes from a Malaysian fishing village or taste a Maroon dish from the Jamaican mountains. The idea that a meal should be made up of a sequence of dishes is by no means universal but there is no reason why one might not construct a syncretic menu. But this book does not just offer a string of recipes. Cooking and eating can be a way of travelling to foreign countries just as food can trigger memories and bring the past back to you. This book is also a practical introduction to the anthropology of food.
