Reconsidering Arminius Beyond The Reformed And Wesleyan Divide:

Reconsidering Arminius Keith D. Stanglin, Mark G. Bilby, Mark H. Mann, 2014-12-16 The theology of Dutch theologian Jacob Arminius has been misinterpreted and caricatured in both Reformed and Wesleyan circles By revisiting Arminius's theology the book hopes to be a constructive voice in the discourse between so called Calvinists and Arminians Traditionally Arminius has been treated as a divisive figure in evangelical theology Indeed one might be able to describe classic evangelical theology up into the twentieth century in relation to his work one was either an Arminian and accepted his theology or one was a Calvinist and rejected his theology Although various other movements within evangelicalism have provided additional contour to the movement fundamentalism Pentecostalism etc the Calvinist Arminian divide remains a significant one What this book seeks to correct is the misinterpretation of Arminius as one whose theology provides a stark contrast to the Reformed tradition as a whole Indeed this book will demonstrate instead that Arminius is far more in line with Reformed orthodoxy than popularly believed and show that what emerges as Arminianism in the theology of the Remonstrants and Wesleyan movements was in fact not the theology of Arminius but a development of and sometimes departure from it This book also brings Arminius into conversation with modern theology To this end it includes essays on the relationship between Arminius's theology and open theism and Neo Reformed theology In this way this book fulfills the promise of the title by showing ways in which Arminius's theology once properly understood can serve as a resource of evangelical Wesleyans and Calvinists doing theology together today Editors Keith D Stanglin Mark G Bilby and Mark H Mann Contributors Jeremy Dupertuis Bangs Mark G Bilby Oliver D Crisp W Stephen Gunter John Mark Hicks Mark H Mann Thomas H McCall Richard A Muller Keith D Stanglin E Jerome Van Kuiken **After Arminius** Thomas H. McCall, Keith D. Stanglin, 2021 Inspired by the ideas of the Dutch theologian Jacob Arminius Arminianism was the subject of important theological controversies in the seventeenth and eighteenth centuries and still today remains an important position within Protestant thought What became known as Arminian theology was held by people across a wide swath of geographical and ecclesial positions This theological movement was in part a reaction to the Reformed doctrine of predestination and was founded on the assertion that God's sovereignty and human free will are compatible More broadly it was an attempt to articulate a holistic view of God and salvation that is grounded in Scripture and Christian tradition as well as adequate to the challenges of life First developed in European British and American contexts the movement engaged with a wide range of intellectual challenges While standing together in their common rejection of several key planks of Reformed theology supporters of Arminianism took varying positions on other matters Some were broadly committed to catholic and creedal theology while others were more open to theological revision Some were concerned primarily with practical matters while others were engaged in system building as they sought to articulate and defend an overarching vision of God and the world The story of Arminian development is complex yet essential for a proper understanding of the history of Protestant theology

The historical development of Arminian theology however is not well known In After Arminius Thomas H McCall and Keith D Stanglin offer a thorough historical introduction to Arminian theology providing an account that will be useful to scholars and students of ecclesiastical history and modern Christian thought

Predestination in Early Modern Reformed Theology

Richard A. Muller,2024-04-24 Dr Richard A Muller investigates the complexity and development of predestination in Reformed thought in the sixteenth and seventeenth centuries

Beyond Dordt and De Auxiliis Jordan Ballor,Matthew

Gaetano,David Sytsma,2019-09-02 Beyond Dordt and De Auxiliis explores post Reformation inter confessional theological exchange on soteriological topics including predestination grace and free choice These doctrines remained controversial within confessional traditions after the Reformation as Dominicans and Jesuits and later Calvinists and Arminians argued about these critical issues in the Augustinian theological heritage Some of those involved in condemning Arminianism at the Synod of Dordt 1618 1619 were inspired by Dominican followers of Thomas Aquinas in Spain who had recently opposed the vigorous defense of free choice by Jesuit Molinists in the Congregatio de auxiliis 1598 1607 This volume appearing on the 400th anniversary of the closing of the Synod of Dordt brings together a group of scholars working in fields that only rarely speak to one another to address these theological debates that cross geographical and confessional boundaries

T&T Clark Handbook of Election Edwin Chr.van Driel,2023-11-16 Offering not only state of the art introductions from Biblical historical and constructive theologians this volume also fosters an inter disciplinary and cross confessional conversation reclaiming the idea of election as a central notion for any retelling of the biblical narrative Several essays explore the variety of ways in which election is spoken about in the Scripture drawing on research from the last twenty years that offers a more sophisticated framework than the traditionally theological categories of elect and reject The historical part of the volume covers new analyses of Medieval and post Reformation Catholic and Protestant debates on predestination while the book s constructive part contributes to contemporary conversations on the relationship between Trinity Christology and election the development of a post supersessionist understanding of Israel s chosenness as well as voices from contextual struggles in South America Palestine and South Africa

Reading Christian

Theology in the Protestant Tradition Kelly Kapic,Hans Madueme,2018-01-25 Reading Christian Theology in the Protestant

Tradition offers a distinctive approach to the value of classic works through the lens of Protestantism While it is anachronistic to speak of Christian theology prior to the Reformation as Protestant it is wholly appropriate to recognize how certain common Protestant concerns can be discerned in the earliest traditions of Christianity The resonances between the ages became both informative and inspiring for Protestants who looked back to pre reformation sources for confirmation challenge and insight Thus this book begins with the first Christian theologians covering nearly 2000 years of theological writing from the Didache Justin Martyr and Origen to James Cone Jos M guez Bonino and Sallie McFague Five major periods of church history are represented in 12 key works each carefully explained and interpreted by an expert in the field

Jacob Arminius Rustin E. Brian, 2015-06-25 Jacob Arminius was a Dutch theologian whose views have become the basis of Arminianism and the Dutch Remonstrant movement and are quite influential on Wesleyan and therefore Methodist theology as well Arminius attempted to reform Reformed theology and ended up lending his name to a movement that resisted some of the primary tenets of Calvinism Rustin E Brian outlines the life and theology of Arminius shedding fresh light on his life theology and writings In hopes of better understanding Arminian theology and Arminianism Brian concludes with a constructive comparison and contrast of Arminius and several prominent theological figures Pelagius John Wesley and Karl Barth

The Nature of the Will in the Writings of Calvin and Arminius Alrick George Headley, 2017-06-05 Looking for deeper insights into an age old debate on the question of the issue of free will in the theology of Calvin and Arminius You ve come to the right place When the general question does man have a free will is directed to John Calvin and James Arminius the received and oft repeated answer is that Calvin jealous for the glory of God opposes free will and that Arminius being human centered advocates for free will thus robbing God of his glory This book shows through a fresh look at the original sources that the above characterization of the differences between Calvin and Arminius on the nature of the human will is misguided For by using the fourfold state of human beings as the lens through which to ask and answer the question it is shown here that the glory of God constitutes the main reason underlying both Calvin s opposition to and Arminius s advocacy of free will Moreover though for different reasons and with many nuances Calvin and Arminius do agree seventy five percent of the time in the created the redeemed and the glorified state that human beings possess free will However they differ significantly on the location efficacy and

function of that free will For Calvin free will is a gift of grace for Arminius it is a gift of grace and nature
