Red Dust English Edition:

Strange Red Ground (English Version) Ronny Eckert, 2018-02-12 A British medical student fights for survival after an apocalypse unleashed by microbes from Mars and follows a radio message promising food and shelter for all. He fights his way through countries and continents where he encounters various dangers but also friends who accompany him to his destination. Summary: In 2034 the first space company succeeds in bringing soil samples from Mars to Earth. Scientists start by extracting the rock samples and encounter microbes. Humanity celebrates this discovery until the world suddenly changes. Plants die and food becomes scarce. The wealthy retreat into biospheres and leave the rest of humanity to themselves. Jim, a medical student and his family are trying to survive the onset of the apocalypse in the house. But the riots and looting are increasing dramatically. So Jim is looking for a hiding place for himself and his family in the nearby forest to escape the pack. When he returns, all people have disappeared without a trace.

Odd Jobs John Updike, 2012-12-04 To complement his work as a fiction writer, John Updike accepted any number of odd jobs: book reviews and introductions, speeches and tributes, a few paragraphs on baseball or beauty or Borges, and saw each as an opportunity to learn something or to extract from within some unsuspected wisdom. In this, his largest collection of assorted prose, he brings generosity and insight to the works and lives of William Dean Howells, George Bernard Shaw, Philip Roth, Muriel Spark, and dozens more. Novels from outposts of postmodernism like *Turkey*, *Albania*, *Israel*, and *Nigeria* are reviewed, as are biographies of Cleopatra and Dorothy Parker. The more than a hundred considerations of books are flanked on one side by short stories, a playlet, and personal essays, and on the other by essays on his own oeuvre. Updike's odd jobs would be any other writer's chief work.

As Time Goes By Joy Charnley, Caroline Verdier, 2014-07-24 Academic work in a range of disciplines has been making an important contribution to the fraught and confusing debate around ageing, and through writers' consciousness and experience, literature just like economics, psychology, history, and sociology can provide valuable insights into the attitudes and prejudices prevalent in society. The present volume adds to this burgeoning field by providing a wide spectrum of literary analyses drawing on a range of approaches: Freud, Lacan, Kristeva, and feminist theory, amongst others, and covering a broad geographical area: France, Germany, Italy, Portugal, Spain, and Switzerland, in addition to Francophone Canada and Morocco. Major writers such as Balzac, Cervantes, Goethe, Mann, and Zola are discussed here, as well as a number of important twentieth-century writers: Ben Jelloun, Cixous, Doubrovsky, Ernaux, Roy, and Ungaretti, and less well-known figures: Carvalho, Chatelet, and Fleutiaux. Within the broad themes which structure the volume, many others also emerge, overlapping and often recurring in several sections. These constant echoes between essays remind us that whatever the geographical location or the period in history, similar issues remain pertinent across time and space, whether it be family relations, generational solidarity, sadness and loneliness, memory and dementia, class differences, gender differences, or sexuality. Together, these essays contribute to the existing body of critical work by providing a series of portraits of what age is, has been, and might be in the future. Collectively, they

demonstrate once more the power of literature to reflect or even prefigure social trends encouraging us to consider carefully what we think how we live and how we might shape our future societies *On the Face of the Waters* Flora Annie Webster Steel, 1897 **Translating Canada** Luise von Flotow, Reingard M. Nischik, 2007-10-25 In the last thirty years of the twentieth century Canadian federal governments offered varying degrees of support for literary and other artistic endeavour A corollary of this patronage of culture at home was an effort to make the resulting works available for audiences elsewhere in the world Current developments in the study of translation and its influence as cultural transfer have made possible new assessments of such efforts to project a national image abroad *Translating Canada* examines cultural materials exported by Canada in addition to those selected for acquisition by German publishers theatres and other culture brokers It also considers the motivations of particular translators and the reception by German reviewers of works by a wide variety of Canadian writers novelists and poets playwrights and children's authors literary and social critics Above all the book maps for its readers a number of significant though frequently unsuspected roles that translation assumes in the intercultural negotiation of national images and values The chapters in this collection will be of value to students teachers and scholars in a number of fields Informed lay readers too will appreciate the authors insights into the different ways in which translation has contributed to German reception of Canadian books and culture *Translating Canada* examines cultural materials exported by Canada in addition to those selected for acquisition by German publishers theatres and other culture brokers It also considers the motivations of particular translators and the reception by German reviewers of works by a wide variety of Canadian writers Published in English *Eastern Africa. , Mute Objects of Expression* Francis Ponge, 2008-06-02 Francis Ponge boldly proclaims his poetic goal in *Mute Objects of Expression* To accept the challenge that objects offer to language These objects less chosen than received spontaneously are perceived with inimitable Pongean humor and rendered into glimmering still lifes He gives voice to the often unnoticed aspects of natural objects and beings Shunning familiar poetic modes Ponge forges new visions images drawn from nature from mythology and the classics In this volume springing from the Loire countryside in the early 1940s Ponge's poems recall the violent perfume of the mimosa the cries of carnations and the flirtations of wasps From a small note book his sole supply of paper within the wartime deprivations he composes repeated drafts of an innovative form combining poetry with analysis and impish play Despite the demoralizing clouds of Occupation Ponge wrests a soaring paean to his beloved sliver of Provence **Heritage Rare Books & Manuscripts Auction Final Session # 683 , Elements of Meteorology** John Brocklesby, 1856 *Trio* Robert Pinget, 2005 *Trio* marks the first time these three shorter Pinget works are collected in a single volume From the sublime surrealism of *Between Fantome and Agapa* through the Faulknerian take on rural life in *That Voice* to the musical rhythm and flow of *Passacaglia* this collection charts the varied career of one of the French New Novel's true luminaries The space between the fictional towns of *Fantome* and *Agapa* is akin to Faulkner's Yoknapatawpha County an area where provincialism is neither

romanticized nor parodied where intrigue often violent intrigue confronts the bucolic ideal held both by insiders and outsiders and where reality is shaped not by events but by talk and gossip by insinuation and conjecture Written over the course of his career these three novels are by turns hilarious and dark surreal and painstakingly accurate together they demonstrate the consistent quality of Pinet's versatility
