Beauty and Business Philip Scranton, 2014-03-05 Beauty seems simple we know it when we see it But of course our ideas about what is attractive are influenced by a broad range of social and economic factors and in Beauty and Business leading historians set out to provide this important cultural context How have retailers shaped popular consciousness about beauty And how in turn have cultural assumptions influenced the commodification of beauty The contributors here look to particular examples in order to address these questions turning their attention to topics ranging from the social role of the African American hair salon and the sexual dynamics of bathing suits and shirtcollars to the deeper meanings of corsets and what the Avon lady tells us about changing American values As a whole these essays force us to reckon with the ways that beauty has been made bought and sold in modern America

[The Lies of Sarah Palin](#)
 Geoffrey Dunn, 2025-09-23 In *The Lies of Sarah Palin* Geoffrey Dunn provides the first full scale and in depth political biography of the controversial Republican vice presidential candidate and former governor of Alaska. Based on more than two hundred interviews many of them with Republican colleagues and one time political allies of Palin's and more than forty thousand pages of uncovered documents Dunn chronicles Palin's troubling penchant for duplicity in grim detail from her dysfunctional childhood in Wasilla through her contentious run for mayor and her failed governorship of Alaska. He also provides the shocking inside story of her betrayal of running mate John McCain during the 2008 presidential campaign and her self serving resignation as governor in July of the following year. Dunn deftly places Palin in the American tradition of right wing demagogues from Huey Long to Joe McCarthy and details her troubling obsession with Barack Obama as it fuels her own political ambitions and a potential run for the presidency in 2012. *The Lies of Sarah Palin* is a journalistic tour de force that vividly reveals the Queen of the Tea Party movement as a vengeful and manipulative empress without clothes. This is the definitive book on Sarah Palin.

discusses the opening sequence so that viewers turn first impressions into deeper understanding of cinematic technique. From Joe Gillis's voice over in *Sunset Boulevard* as he lies dead in a swimming pool to the hallucinatory opening of *Apocalypse Now* from the stream of consciousness montage as found in *Hiroshima mon amour* to the slowly unfolding beginning of *Schindler's List*. *Cinematic Overtures* analyzes opening shots from a range of Hollywood as well as international films. Insdorf pays close attention to how the viewer makes sense of these scenes and the cinematic world they are about to enter. Including dozens of frame enlargements that illustrate the strategies of opening scenes, Insdorf also examines how films explore and sometimes critique the power of the camera's gaze. Along with analyses of opening scenes, the book offers a series of revelatory and surprising readings of individual films by some of the leading directors of the past seventy-five years. Erudite but accessible, *Cinematic Overtures* will lead film scholars and ardent movie fans alike to greater attentiveness to those fleeting opening moments.
