Stein, 2010-02-23 Do you know what it takes to manage a performing arts organization today In this comprehensive volume more than 100 managers of top nonprofit and commercial venues share their winning strategies Financial management building a funding base labor relations much more Explores the realities of running a performing arts organization today From theater to classical music from opera to dance every type of organization is included with information on how each one is structured key managerial figures its best practices for financial management how it handles labor relations and more Kennedy Center the Brooklyn Academy of Music Lincoln Center the Mark Morris Dance Company the New Victory Theater the Roundabout Theater the Guthrie Theater Steppenwolf Theater Company and many other top groups are represented Learn to manage a performing arts group successfully in today s rapidly changing cultural environment with Performing Arts Management Gender and Rhetorical Space in American Life, 1866-1910 Nan Johnson, 2002 Nan Johnson demonstrates that after the Civil War nonacademic or parlor traditions of rhetorical performance helped to sustain the icon of the white middle class woman as queen of her domestic sphere by promoting a code of rhetorical behavior for women that required the performance of conventional femininity Through a lucid examination of the boundaries of that gendered rhetorical space and the debate about who should occupy that space Johnson explores the codes governing and challenging the American woman s proper rhetorical sphere in the postbellum years While men were learning to preach practice law and set political policies women were reading elocution manuals letter writing handbooks and other conduct literature These texts reinforced the conservative message that women s words mattered but mattered mostly in the home Postbellum pedagogical materials were designed to educate Americans in rhetorical skills but they also persistently directed the American woman to the domestic sphere as her proper rhetorical space Even though these materials appeared to urge the white middle class women to become effective speakers and writers convention dictated that a woman s place

was at the hearthside where her rhetorical talents were to be used in counseling and instructing as a mother and wife Aided by twenty one illustrations Johnson has meticulously compiled materials from historical texts no longer readily available to the general public and in so doing has illuminated this intersection of rhetoric and feminism in the nineteenth century The rhetorical pedagogies designed for a postbellum popular audience represent the cultural sites where a rethinking of women s roles becomes open controversy about how to value their words Johnson argues this era of uneasiness about shifting gender roles and the icon of the quiet woman must be considered as evidence of the need for a more complete revaluing of women s space in historical discourse
