Saving Agnes A Novel:

Saving Agnes Rachel Cusk, 2001-01-06 A working girl in London is searching for love Agnes works for a magazine and shares an apartment with two other girls One day she meets a handsome mysterious man just what she was looking for Alas he turns out to be a rotter Encyclopedia of Contemporary Writers and Their Work Geoff Hamilton, Brian Jones, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of authors associated with the English language fiction of the twentieth and twenty first centuries Rachel Cusk Roberta Garrett, Liam Harrison, 2024-07-25 Rachel Cusk is one of the most critically acclaimed and controversial contemporary British authors Her diverse body of work offers a striking portrait of trends in 21st century literature and the history of Cusk's literary output is one of experimentation and a desire to push against established cultural models Rachel Cusk Contemporary Critical Perspectives is the first critical guide to Cusk's work spanning novels including *Saving Agnes* *A Country Life* and *Second Place* her autofictional *Outline* trilogy and her nonfiction *A Life's Work* *The Last Supper* *Aftermath* and the *Coventry* essays Rigorous and wide ranging this book provides an accessible and lucid introduction to Cusk's work exploring themes of gender relations class dynamics maternal identity and creative freedom The collection concludes with an in depth interview with Cusk conducted by Merve Emre reflecting on her influences writing and experiences Mapping the formal and stylistic shift across her career and locating them within their specific contexts this collection provides a crucial analysis of Cusk's influences politics and literary techniques that speak to many of the most pressing issues in contemporary literature **The Cambridge Guide to Women's Writing in English** Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty five years This is an opportunity for stock taking a timely project when so much writing has been rediscovered reclaimed and republished There are entries on writers on individual texts and on general terms genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English the visionary writings of Julian of Norwich and Margery Kempe are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy the history of colonisation and the development of post colonial cultures using and changing the English language The entries are written by contributors from all the countries covered The result is a work of reference with a unique feeling for the vitality wealth and diversity of women's writing *Four Moments of Aesthetic Experience* Bryan Counter, 2025-04-15 This book examines the question of aesthetic experience in the novels of Joris Karl Huysmans Marcel Proust Tom McCarthy and Rachel Cusk in order to propose a reconsideration of aesthetic experience informed by literature and philosophy in equal measure The introduction suggests an alternative four moments of aesthetic experience to Kant's four moments of aesthetic judgement derived in part from my four literary authors respectively curation quietness violence and disconnection Taken collectively the four moments show the danger of becoming too invested or interested in aesthetic experience as well as patience and openness toward the creative act of writing While

these four moments are not meant as determinations taken together they offer a picture of aesthetic experience as involuntary subject to chance and resistant to calculation on the part of the aesthetic subject Besides contributing to the scholarship on each of the four novelists this book advances a theory of the aesthetic that shifts away from the framework of judging objects to focus instead on experience and how it is articulated both within and beyond literature It is here that the theory of aesthetic experience benefits from literature s singularity no one text or passage can serve as an example that would adequately circumscribe the field of aesthetic experience just as no one philosophical example could and yet the reflective nature of the literary text demands a rigorous look at aesthetic experience without the restrictions of a totalising philosophical system The two negative moments represented by Huysmans s *reOURS* and McCarthy s *Remainder* besides ending poorly for the protagonists wind up with a foreclosure of aesthetic experience For Huysmans s *Des Esseintes* who attempts to sustain aesthetic experience at will via curation the fantasy falls apart leaving him ill and necessitating his dreaded return to society For McCarthy s unnamed narrator who is engaged throughout the novel with various projects of re enactments the story ends violently with bloodshed and a plane hijacking Theoretically these novels provide a cautionary tale about the impulse to seek out and even domesticate the aesthetic object On the contrary the two positive moments represented by Proust s *Recherche* and Cusk s *Outline* trilogy each involve narrators and characters who are invested in the creative act of writing Two particular critically underrepresented passages from Proust can help articulate the quiet moment of aesthetic experience without relying on works of art they are theoretically compelling in their refusal to theorise themselves unlike the more popular passages from the novel Cusk s novels present the moment of disconnection that is the sense of an experience being dislodged from any particular narrative or plot And yet each of the characters in question are creative writers meaning that this everyday feeling of alienation tends to factor into a productive artistic impulse In conclusion these four moments are tied together as they pertain to the nature and boundaries of aesthetic experience in general Just as Kant s four moments of aesthetic judgement seem to be grouped in pairs disinterest and purposiveness without purpose on one hand and universality and necessity on the other hand these four moments can be grouped and set apart to help reconsider what we mean when we talk about aesthetic experience
