Race and the Wild West

Laura J. Arata, 2020-07-02 Winner of the Western Writers of America SPUR Award and the Western Association of Women Historians Gita Chaudhuri Prize Born a slave in eastern Tennessee Sarah Blair Bickford 1852 1931 made her way while still a teenager to Montana Territory where she settled in the mining boomtown of Virginia City Race and the Wild West is the first full length biography of this remarkable woman whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century For many years Sarah Bickford s known biography fit into a single paragraph By examining her life in all its complexity Arata fills in what were long believed to be unrecoverable silent spaces in her story Before establishing herself as a successful business owner we learn she was twice married both times to white men Her first husband an Irish immigrant physically abused her until she divorced him in 1881 Their three children all died before the age of ten In 1883 she married Stephen Bickford and gave birth to four more children Upon his death she inherited his shares of the Virginia City Water Company acquiring sole ownership in 1917 For the final decade of her life Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men Her conspicuous role in developing an early form of heritage tourism challenges long standing narratives that place white men at the center of the Wild West myth and its promotion Bickford s story offers a window into the dynamics of race in the rural West Although her experiences defy easy categorization what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism Instead she built a life that deserves to be understood on its own terms Through exhaustive research and nuanced analysis Laura J Arata advances our understanding of a woman whose life

embodied the contradictory intersections of hope and disappointment that characterized life in the early twentieth century American West for brave pioneers of many races

Crown Jewel Wilderness Lauren Danner, 2021-06-18 Remote rugged and spectacularly majestic with stunning alpine meadows and jagged peaks that soar beyond ten thousand feet North Cascades National Park is one of the Pacific Northwest's crown jewels Now in the first full length account Lauren Danner chronicles its creation just in time for the park's fiftieth anniversary in 2018 The North Cascades range benefited from geographic isolation that shielded its mountains from extensive resource extraction and development Efforts to establish a park began as early as 1892 but gained traction after World War II as economic affluence sparked national interest in wilderness preservation and growing concerns about the impact of harvesting timber to meet escalating postwar housing demands As the environmental movement matured a 1950s Glacier Peak study mobilized conservationists to seek establishment of a national park that prioritized wilderness Concerned about the National Park Service's policy favoring development for tourism and the United

States Forest Service's policy promoting logging in the national forests conservationists leveraged a changing political environment and the evolving environmental values of the natural resource agencies to achieve the goal of permanent wilderness protection Their grassroots activism became increasingly sophisticated eventually leading to the compromise that resulted in the 1968 creation of Washington's magnificent third national park The Laws and the Land Daniel Rück,2021-09-15 As the settler state of Canada expanded into Indigenous lands settlers dispossessed Indigenous people and undermined their sovereignty as nations One site of invasion was Kahnaw ke a Kanien keh ka community and part of the Rotinonhsì nni confederacy The Laws and the Land delineates the establishment of a settler colonial relationship from early contact ways of sharing land land practices under Kahnaw ke law the establishment of modern Kahnaw ke in the context of French imperial claims intensifying colonial invasions under British rule and ultimately the Canadian invasion in the guise of the Indian Act private property and coercive pressure to assimilate What Daniel Rück describes is an invasion spearheaded by bureaucrats Indian agents politicians surveyors and entrepreneurs This original meticulously researched book is deeply connected to larger issues of human relations with environments communal and individual ways of relating to land legal pluralism historical racism and inequality and Indigenous resurgence *Before Canada* Allan Greer,2024-01-15 Long before Confederation created a nation state in northern North America Indigenous people were establishing vast networks and trade routes Volcanic eruptions pushed the ancestors of the Dene to undertake a trek from the present day Northwest Territories to Arizona Inuit migrated across the Arctic from Siberia reaching Southern Labrador where they met Basque fishers from northern Spain As early as the fifteenth century fishing ships from western Europe were coming to Newfoundland for cod creating the greatest transatlantic maritime link in the early modern world Later fur traders would take capitalism across the continent using cheap rum to lubricate their transactions The contributors to *Before Canada* reveal the latest findings of archaeological and historical research on this fascinating period Along the way they reframe the story of the Canadian past extending its limits across time and space and challenging us to reconsider our assumptions about this supposedly young country Innovative and multidisciplinary *Before Canada* inspires interest in the deep history of northern North America **Disenchanted Modernities** Tobias Haller,Samuel Weissman,2024 Mega Infrastructure Projects MIPs represent a central element of globalized development MIPs like the Chinese driven Belt and Road Initiative BRI include large scale agrarian road rail port and energy networks They are complex ventures involving international capital and multiple stakeholders *Disenchanted Modernities* presents 16 case studies showing that the promise of a sustainable modern development by MIPs leave many local users disenchanted They don't profit from the MIPs but lose access to their resources often held in common The book describes the strategies of states and companies as well as local responses to MIPs in Asia Africa Americas and Europe The Outlaw Ocean Ian Urbina,2019-08-20 NATIONAL BESTSELLER A riveting adrenaline fueled tour of a vast lawless and rampantly criminal world that few have ever seen the

high seas There are few remaining frontiers on our planet But perhaps the wildest and least understood are the world's oceans too big to police and under no clear international authority these immense regions of treacherous water play host to rampant criminality and exploitation Traffickers and smugglers pirates and mercenaries wreck thieves and repo men vigilante conservationists and elusive poachers seabound abortion providers clandestine oil dumpers shackled slaves and cast adrift stowaways drawing on five years of perilous and intrepid reporting often hundreds of miles from shore Ian Urbina introduces us to the inhabitants of this hidden world Through their stories of astonishing courage and brutality survival and tragedy he uncovers a globe spanning network of crime and exploitation that emanates from the fishing oil and shipping industries and on which the world's economies rely Both a gripping adventure story and a stunning exposé this unique work of reportage brings fully into view for the first time the disturbing reality of a floating world that connects us all a place where anyone can do anything because no one is watching
