are being sought to build a nation in the 21st century Reflections of South African Student Leaders: 1994 to 2017
 Ntokozo Bhengu, Denyse Webbstock, 2020-05-13 *Reflections of South African Student Leaders 1994 2017* brings together the reflections of twelve former SRC leaders from across the landscape of South African universities. Reviews of the previous volume 1981 2014 suggested that it contributed significantly to a better understanding of the stringent demands of visionary and transformative leadership required by university leaders in the fastchanging and increasingly complex public higher education sector. This volume is based on comprehensive interviews with former student leaders each of whom provided a personal account in their own words of their experience in the position of student leadership. The interviewees are from different backgrounds and of diverse political persuasions. The book is important for current and future leaders of higher education institutions as it provides insights into the thinking, aspirations, desires, fears, and modus operandi of student leaders. Such insight can contribute to developing and implementing appropriate strategies for achieving meaningful and constructive engagement with current and future student leaders. *Regime and Education in Zimbabwe* Bekithemba Dube, Albert Mufanechiya, 2024-06-10 This collection focuses on the post independence educational development in Zimbabwe. It shows how the ZANU PF regime has presided over the demise of education and covers a wide range of topics such as violence against teachers, poor salaries, student activism, minority languages, and curriculum innovations. This volume argues that the regime has used education as a tool for repression. Curriculum innovations introduced and implemented in Zimbabwe have little to do with improving the performance of the learners and more to do with stopping teachers from pushing the regime change agenda. Consequently, this has resulted in a nation in crisis marked with high turnover, poor economy, and mass exodus of teachers and learners. The contributors to this volume make various suggestions which could recenter education towards addressing the experiences of the learners as opposed to being used as a tool to push repression and thwart democracy. Directory of Research Grants 2008 Schoolhouse Partners LLC, 2008-05 Volume 2 of 2 With more than 5 100 listings of grants programs from 1 880 sponsors, the *Directory of Research Grants* is a comprehensive directory of grants available to researchers in every field of study.
