Osho,2019-06-15 We have polluted our planet Earth with light Light pollution excessive and obtrusive artificial light with
bright neon and LED lights in our cities and in our personal space continuously illuminated and artificial has removed
something incredibly valuable from our lives and at the same time affected our ability to sleep rest and relax Falling in Love
with Darkness is Osho s attempt to bring us again in contact with darkness but here in a spiritual and psychological context
Why do we desire light he asks Why do we hanker so much for light Perhaps we never realize that the desire for light is a
symbol of the fear rooted within us it is a symbol of fear We want light so that we can become free of that fear The mind is
afraid in the dark The fear of darkness is based on the fear of being alone the fear of being alone comes together with the
fear of darkness Darkness has its own bliss without falling in love with darkness you will be deprived of the capacity to love
the great truths of life Next time you find yourself in darkness take a direct look into it and you will discover that it is not so
frightening after all When darkness surrounds you become absorbed in it become one with it And you will find that darkness
offers you something that light can never give you All the important mysteries of life are hidden in darkness These are talks
by Osho given at a meditation camp where he introduces people in a direct and practical way to an understanding of
meditation as a way to get acquainted with darkness to re discover that darkness is peace relaxation and stillness all through
the simple method of witnessing Meditation means discovering the one who is beyond all happening and has never been a
part of anything **The Lust Giving** Helen Walton,2023-11-17 Can a childhood crush last forever Claire I ve lusted after my
