Schmadel,Gert Zech,2013-11-11 Astronomy and Astrophysics Abstracts which has appeared in semi annual volumes since 1969 is devoted to the recording summarizing and indexing of astronomical publications throughout the world It is prepared under the auspices of the International Astronomical Union according to a resolution adopted at the 14th General Assembly in 1970 Astronomy and Astrophysics Abstracts aims to present a comprehensive documentation of literature in all fields of astronomy and astrophysics Every effort will be made to ensure that the average time interval between the date of receipt of the original literature and publication of the abstracts will not exceed eight months This time interval is near to that achieved by monthly abstracting journals compared to which our system of accumulating abstracts for about six months

offers the advantage of greater convenience for the user I 1980 some older Volume 27 contains literature published in 1980 and received before August literature which was received late and which is not recorded in earlier volumes is also included We acknowledge with thanks contributions to this volume by Dr J Bouska Prague who surveyed journals and publications in Czech and supplied us with abstracts in English **Heritage Rare Books & Manuscripts Auction Final Session # 683** ,

Liberating Sápmi Gabriel Kuhn,2020-03-01 The Sámi who have inhabited Europe's far north for thousands of years are often referred to as the continent's forgotten people With Sápmi their traditional homeland divided between four nation states Norway Sweden Finland and Russia the Sámi have experienced the profound oppression and discrimination that characterize the fate of indigenous people worldwide their lands have been confiscated their beliefs and values attacked their communities and families torn apart Yet the Sámi have shown incredible resilience defending their identity and their territories and retaining an important social and ecological voice even if many progressives and leftists included refuse to listen Liberating Sápmi is a stunning journey through Sápmi and includes in depth interviews with Sámi artists activists and scholars boldly standing up for the rights of their people In this beautifully illustrated work Gabriel Kuhn author of over a dozen books and our most fascinating interpreter of global social justice movements aims to raise awareness of the ongoing fight of the Sámi for justice and self determination The first accessible English language introduction to the history of the Sámi people and the first account that focuses on their political resistance this provocative work gives irrefutable evidence of the important role the Sámi play in the resistance of indigenous people against an economic and political system whose power to destroy all life on earth has reached a scale unprecedented in the history of humanity The book contains interviews with Mari Boine Harald Gaski Ann Kristin Håkansson Aslak Holmberg Maxida Mørak Stefan Mikaelsson May Britt Hman Synnøve Persen Yvind Ravna Niillas Somby Anders Sunna and Suvi West *The English Catalogue of Books* Sampson Low,1901 Volumes for 1898 1968 include a directory of publishers *Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record* ,1895 **British Museum Catalogue of printed Books** ,1891 Translation after Wittgenstein Philip Wilson,2015-11-19 In this eminently readable study Philip Wilson explores the later writings of Ludwig Wittgenstein and shows how a reading of this philosophy can enable the translation theorist and the practising translator to reflect upon and improve the phenomenon of translation Wittgenstein whilst a key figure in twentieth century philosophy remains peripheral to the field of translation studies and Wilson argues that his later work because it deals with the nature of language and meaning is potentially of great significance and an awareness of this can change translation both literary and non literary Wittgenstein's life and thought is treated in the introduction where it is shown how his methods can be applied to areas outside philosophy The central three chapters of the book survey the reading of the source text for translation the writing of the target text the theorisation of the target text The author demonstrates how tools from Wittgenstein's work can be of use in translation studies the notion of the language game for example helps us to understand meaning by looking at

the way that words are used and this can both help us describe translation and suggest ways of translating A wide variety of examples and case studies is given throughout the book from both literary and non literary sources Aimed at translation studies scholars graduate students and researchers this interdisciplinary book will also be of interest to scholars of philosophy and literature
