

Technology now is a concept that we cannot survive without; an average North American needs technology to, eat, entertain, to cook, and to do many other daily functions. Let's face it, we need technology to survive. But this is to an extent, for example, a computer can be one of man's best friends, it helps us write speeches, like the one you're listening to right now. It helps us obtain knowledge through the internet, and it helps us entertain ourselves with games, movies, and music. Since then, technology has shown no signs of stopping or even slowing down, it almost makes you wonder how people lived just fifty years ago. Imagining attempting to live the way your grandparents or great grandparents did, seems unimaginable right? Now within the last 10 years, technology has evolved.
