Sports Zone Robert Grose, 2007 Sports Zone A manual accounting practice set is a self-paced student text and workbook. This practice set allows students to either complete one or two months of transactions which provides the instructor with an additional form of assessment if required. Sports Zone uses a perpetual inventory method for a retail business using GST. Sports Zone can be used as a manual practice set on its own but may also be used as a computerised practice set using the commercially available accounting software package of QuickBooks. The advantage of using both the manual and computerised methods is that it will be possible for students to compare the results produced manually with the printed results produced by the QuickBooks package. If both the manual and computerised option is taken then in addition to the manual practice set, the computerised material also comes with instructions and the accounting software on CD Rom.

Zander's Toy Store Pty Ltd Martin Bugeja, 2011-02-07 Zander's Toy Store Pty Ltd is intended for students studying introductory accounting and can be used with any introductory textbook. An advantage of this practice set over many others is that revenue and expense accounts have not been closed at the end of the previous month, therefore providing students with a more realistic scenario. This

practice set provides students with the unadjusted trial balance at the end of May and requires students to record typical transactions for a retail business for the last month of the financial year. Once these transactions have been recorded and posted, students are required to complete the accounting cycle by journalising and posting adjusting and closing entries and preparing financial statements. Students that complete this practice set should develop the skills necessary to keep a set of manual accounting records and understand the steps required to complete the accounting cycle.

Top Shot Robert Grose, 2008. **Suitability** Peter Hall, 2010-07-01. **Garden Blitz** Hartnett & Yap, Neil Hartnett, 2005-12. **Sugar Plum Fashion Manual Accounting Practice Set** Robert Grose, 2010-04-27. This manual accounting practice set is based on Sugar Plum Fashion, a wholesale company that sells the latest fashion clothing to a number of retailers. It is designed to introduce students to the processing of accounting information for a complete accounting cycle based on the periodic inventory system. This comprehensive practice set guides students through the process of recording and preparing a range of accounting transactions. The major advantage of teaching and learning with a manual practice set is that students will gain a genuine understanding of the underlying processes involved in preparing a set of financial statements. This same level and depth of understanding is harder to achieve with the sole use of computerised accounting practice sets and software packages as stand alone learning aids.
