leadership focuses on how students can develop leadership skills right from the start of their nursing programme through to transitioning to their first role. The book first takes students through the underpinning knowledge and theory and then through practical skills to help them understand all aspects of leadership and how it is a key component of providing quality care to patients in a range of environments and settings. Real stories from nursing leaders, practitioners and students are included to inspire students and show them how they can impact positively on practice whatever level they are working at. Key features include Real life focus grounded in everyday practice with lots of case studies and examples to help students see how theory relates to practice. Activities to help students reflect about their own practice and about themselves as leaders. Video interviews with nurse leaders and students on the companion website. Further reading and links to journal articles in both the book and the companion website help students delve deeper and prepare for assessments.

Gower Handbook of Leadership and Management Development Richard Thorpe, 2016-04-22. On few occasions in the history of modern management have leadership skills been in such sharp focus as they are now. The ability to direct often very large and diverse organizations to make sense of the complex and turbulent markets and environments in which you operate and to adapt and learn seems at an all time premium. The premise behind the fifth edition of this influential Handbook is that leadership management and organizational development are all parts of the same process enhancing the capacity of organizations whatever their size and the people within them to achieve their purpose. To this end the editors have brought together a who's who of current writers on leadership and development and created the definitive single volume guide to the subject. The perspectives that the text provides to leadership learning and development embrace the formal and the informal cultures and case examples from organizations of all kinds and offers readers a rigorous, readable and where appropriate ground breaking book. In the 14 years since the fourth edition of this classic book very much has changed. But the need for this Handbook is as strong as ever and the Fifth Edition of Gower Handbook of Leadership and Management Development is set to become a definitive read for senior managers and those who develop them and an essential reader for the management students aspiring to become the next generation of leaders.

The Appraiser's Handbook Nick Lyons, Susanne Caesar, Abayomi McEwen, 2018-04-19. This book contains a foreword by Maurice Conlon, Associate Director, Appraisal and Revalidation Lead, NHS Clinical Governance Support Team. This is an invaluable detailed guide offering practical resources for medical professionals in the challenging role of appraiser. It assists with confidence, professionalism and competency and contains a comprehensive up to date summary of the state of play for appraising doctors. It also includes sample forms, contracts for guidance and links to web resources. The Appraiser's Handbook provides vital information for all those involved in continuing professional development in primary and secondary care. Appraisal leads and managers in primary and secondary care trusts will find it of great interest as will clinical tutors, GP tutors and deanery educational teams. This book aims to support appraisers in developing their skills in order to ensure that the doctor whom they appraise gains the maximum possible.

benefit from the time spent in and preparing for the appraisal The appraiser will find appraisees who enthusiastically embrace appraisal and those who doubt its use and place in their professional development Different approaches may be needed to support and understand different individuals Nick Lyons Susanne Caesar and Abayomi McEwen This book written by a trio steeped in appraisal is a valuable resource for appraisers It will help doctors learning to be appraisers and experienced appraisers It will also help those organising appraisal to remind them of the aims of the process Teachers of appraisal will be able to use it to supplement and support their curricula I believe revalidation when it arrives will be the single biggest step towards improvement taken by the profession since the introduction of the medical register I also believe this depends upon the inclusion of appraisal within the revalidation package Putting high quality developmental appraisal in the water for the medical profession will bring about a whole profession shift in terms of lifelong professional development This book will support that aim Maurice Conlon in the Foreword
