'A Midsummer Night's Dream' and 'The Tempest' in the Mirror of Changing Critical Approaches Cornelia Kaltenbacher,2008-05 Thesis M A from the year 2007 in the subject American Studies Comparative Literature grade gut University of Dusseldorf Heinrich Heine 48 entries in the bibliography language English abstract Shakespeare is one of the most analysed and criticised poet in the history of literature Why

Shakespeare The answer is easy He is not only most analysed but also the most popular dramatist that has ever existed Shakespeare's drama has been fascinating his audience and readers through the centuries The plots of Shakespeare's drama seem to be simple dealing with human and social themes like love marriage murder intrigue complot and revenge On a first sight they remember us of a good and entertaining Hollywood Film But is this all what Shakespeare has to say through his drama Did he really intend to write commercial plays without giving a deeper sense to his literary work I don't think so I think Shakespeare achieved through his simple plots to get deeply into the minds and souls of his audience in order to make them conceive the complexity of their own lives and feelings I do not intend to find out his personal message in the drama or to interpret his intentions I will rather concentrate on his work and try to find out what kind of message Shakespeare's comedy transmitted to his audience and above all to his experienced readers better said to his literary critics My paper shall reveal the complexity and the deep psychological meaning of Shakespeare's comedy Returning to my first question why Shakespeare I would like to answer it by quoting one of my favourite critics Northrop Frye For all that has been written about it Shakespearean comedy still seems to me widely misunderstood and underestimated and my main thesis that the four romances are the inevitable and genuine culmination of the poet's achievement is clearly less obvious to many than it is to me 1 I consider Frye's assumption on Shakespearean comedy the adequate answer
