

Fraud Prevention and Minimization Policy

Policy

The board of directors is pro-active and committed to protecting the revenue, property, information and other assets of the housing provider from any attempt, either by members of the public, contractors, property management, tenants/members, its own employees or any board member, to gain by deceit, financial or other benefits.

The board is responsible for taking all reasonable steps to prevent and detect fraud, misappropriation and other irregularities.

Scope of this Policy

The responsibility for fraud prevention falls with the board of directors along with property management, staff, and tenants/members.

Fraud Prevention

The board of directors will ensure that internal controls are in place. The board will:

- have clear rules and explicitly review them with staff and others
- always have an independent board member receive and review the monthly bank statement and cheques
- receive rental arrears and vacancy reports monthly and an independent board member will review the details and back-up that was used to create the report
- approve the budget for the corporation and ensure that it matches the NRH approved budget
- compare the budget to actual report monthly and receive a written explanation for any variances over 5%.
- hire honest people by doing criminal checks, ensure the person is bondable, check references
- continually monitor the segregation of duties within the organization
- ensure computer back-ups are done according to policy
- have an internal audit committee and conduct internal audits on records, repairs, placement of tenants/members, files etc.
- discuss fraud prevention with the auditor
- look for fraud, don't wait for it to happen
- the board of directors must have an 'open door' policy and be receptive to hearing from individuals that have information concerning possible fraudulent activity

Fraud Prevention Checklist

The board will:

- complete the Fraud Prevention check list at least annually (Appendix "A")
- based on the results of the checklist, take action to create any policy or procedure required to prevent or minimize the corporation's risk of fraud

all digital phase locked loop adpll with an up down counter using simulink abstract the concept of an all digital phase locked loop adpll with an up down counter is conceived and presented here the phase error of a phase detector pd in a digital pll is delivered in bits

phase locked loops matlab simulink mathworks - Aug 18 2023

phase locked loops a phase locked loop combines a voltage controlled oscillator and a phase comparator as a feedback system to adjust the oscillator frequency or phase to track an applied frequency modulated or phase modulated signal voltage controlled oscillator blocks a voltage controlled oscillator is one part of a phase locked loop

digital phase locked loop matlab simulink mathworks india - Dec 30 2021

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco this example demonstrates a behavioral

phase lock loop tuning matlab simulink mathworks - Jan 11 2023

this example shows how to use simulink design optimization to tune an all pass filter of a phase lock loop the filter includes a second order low pass filter and a feedthrough gain the feedthrough gain and the second order filter coefficients are tuned to apply a steady state input to the voltage controlled oscillator vco

digital phase locked loop simulink pdf analytics mirowin - Jun 04 2022

a sar fast locking digital phase locked loops digital circuit analysis and design with simulink modeling and introduction to cplds and fpgas ieice transactions on electronics

a simulink model for all digital phase locked loop - Mar 13 2023

a simulink model for all digital phase locked loop abstract a simulink model for all digital phase locked look adpll is proposed in this paper the study is based on adpll implemented in an all digital rf transceiver simulation results in simulink give the performance overview of the adpll

digital phase locked loop matlab simulink digital phase locked loops - Oct 08 2022

this example shows how on model a electronic phase locks loop using the mixed signal blockset
