

A portrait of Michael K. Farr, a middle-aged man with short, light-colored hair, smiling. He is wearing a dark suit jacket over a light blue shirt. The background is a close-up of the American flag, showing the stars and stripes. The text "MICHAEL K. FARR" is at the top, and "RESTORING OUR AMERICAN DREAM" is in the middle, with "The Best Investment" below it. At the bottom, there are two lines of text: "Foreword by the Honorable Brent Scowcroft" and "Afterword by P. J. O'Rourke".

MICHAEL K. FARR

RESTORING OUR
**AMERICAN
DREAM**

The Best Investment

Foreword by the Honorable Brent Scowcroft

Afterword by P. J. O'Rourke

Restoring Our American Dream The Best Investment

United States. Congress

Restoring Our American Dream The Best Investment:

Restoring Our American Dream Michael K. Farr, 2013-03-15 A new upbeat book from Michael Fair one of CNBC's most popular financial commentators and experienced investor brings to the forefront solutions to America's struggle to regain the respect and values on which our country was founded Trust has eroded from government banks Wall Street and big business Restoring Our American Dream provides a blueprint for a future that reasserts America's leadership position in the increasingly complex world of intertwined global economies and at home Book jacket **Politics, Economics and Investments** Donald M. Kinzer, 2014-06-02 Don believed the economic and financial markets have missed the key event holding back world growth globalization Globalization unleashed over one billion consumers and workers with the fall of the Berlin wall in 1990 The subsequent decline in communism was an historical economic event which had both positive and negative elements The most negative element for the developed world was the limits on growth which are thus limiting employment As the developed world has tried to maintain its lifestyle even with the slower growth it has resorted to more and more debt Many advanced countries are now approaching historically dangerous debt levels The resolution of this struggle between developed and developing countries will prove whether globalization has been a positive or negative force

The New Nationalism--How The Next Great American Debate Will Restore Our Country By Recasting Our Politics Harlan M. C. Field, 2012-07-10 In this book Harlan Field boldly asks modern Americans to leave behind their old politics which have placed America's greatness in jeopardy and exhorts us to pursue a new political strategy that will assure America's great tradition for its future generations As we enter a new millennium Harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern Nation State The only known entity that is capable of preserving Freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of Globalism The five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought The rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the North American Free Trade Agreement NAFTA the General Agreement on Tariffs and Trade GATT and the European Union E U We no longer can even remember what makes a group of people into a nation A common culture a common heritage a common language shared goals shared sacrifice shared progress This book is a must read for our politicians on the left and on the right lest because of party politics America is made to give into a secondary role on the world stage of ruthless politics and demagoguery **Saving the American Dream** Louis Hernandez Jr., 2012-03-09

American Dreams Marco Rubio, 2015-01-13 In 1956 Marco Rubio's parents came to America as poor immigrants with grade school educations They found a land of opportunity where anyone could work hard play by the rules and build a better

future for themselves and their children His family proved the reality of the American Dream where the children of maids and bartenders could become doctors lawyers small business owners and maybe even a U S senator But now the American Dream is on life support Years of government centered tax and spend liberalism have failed to lift the poor or sustain the middle class Millions of everyday Americans have been left behind by an economy that doesn't value their skills and a government that would rather give them a handout than a hand up In this follow up to his bestselling memoir An American Son Senator Rubio offers a road map for restoring the land of opportunity He explains why we now stand at a critical junction and why the next few years will determine the future for our children and grandchildren He shares his plan for scaling back the nanny state helping families save for college and retirement and making it easier for small businesses to create millions of good jobs Above all he urges us to return to the values and can do spirit that made our country exceptional in the first place

Congressional Record United States.
