Congress. House. Committee on Appropriations, 1926 Navy Department Appropriation Bill, 1928 United States. Congress. House. Committee on Appropriations, 1926 **Dress Codes** Richard Thompson Ford, 2021-02-09 A sharp and entertaining The Wall Street Journal exploration of fashion through the ages that asks what our clothing reveals about ourselves and our society Dress codes are as old as clothing itself For centuries clothing has been a wearable status symbol fashion a weapon in struggles for social change and dress codes a way to maintain political control Merchants dressing like princes and butchers wives wearing gem encrusted crowns were public enemies in medieval societies structured by social hierarchy and defined by spectacle In Tudor England silk velvet and fur were reserved for the nobility and ballooning pants called trunk hose could be considered a menace to good order The Renaissance era Florentine patriarch Cosimo de Medici captured the power of fashion and dress codes when he remarked One can make a gentleman from two yards of red cloth Dress codes evolved along with the social and political ideals of the day but they always reflected struggles for power and status In the 1700s South Carolina's Negro Act made it illegal for Black people to dress above their condition In the 1920s the bobbed hair and form fitting dresses worn by free spirited flappers were banned in workplaces throughout the United States and in the 1940s the baggy zoot suits favored by Black and Latino men caused riots in cities from coast to coast Even in today's more informal world dress codes still determine what we wear when we wear it and what our clothing means People lose their jobs for wearing braided hair long fingernails large earrings beards and tattoos or refusing to wear a suit and tie or make up and high heels In some cities wearing sagging pants is a crime And even when there are no written rules implicit dress codes still influence opportunities and social mobility Silicon Valley CEOs wear t-shirts and flip flops setting the tone for an entire industry women wearing fashionable dresses or high heels face ridicule in the tech world and some venture capitalists refuse to invest in any company run by someone wearing a suit In Dress Codes law professor and cultural critic Richard Thompson Ford presents a deeply informative and entertaining The
