Spiritual Science Eric Dubay, 2012-07-12 For centuries the prevailing western worldview has been built upon the materialistic

mechanical model of Isaac Newton a clockwork Universe composed of separate particles of matter interacting according to precise physical laws and existing within objective dimensions of space and time This model has long succeeded in describing many facets of our multi faceted reality but increasingly since the revelations of Einstein and the paradigm crushing implications of quantum physics Newton s world is quietly fading from view and being replaced by a more spiritual science Topics covered include Quantum Physics Consciousness The Holographic Universe Morphic Fields The Human Energy Body Psychoneuroimmunology Chi Chakras Meridians Acupuncture Auras Telepathy Psychokinesis Remote Viewing Precognition Out of Body Experiences Near Death Experiences Entheogens Death Ghosts Reincarnation God Tao Brahma Void Infinite Consciousness and Oneness

How to Photograph the Paranormal Leonore Sweet,2004-12-08 A Must Have Guide for Investigating the ParanormalHave inexplicable spheres and fogs ever ruined any of your photographs If you discarded them thinking dirt on the lens or camera glitches were to blame you may want to retrieve them and reconsider These spheres and fogs may be paranormal light forms Light forms are mentioned in literature on angels aliens UFOs ghosts crop circles near death experiences inter dimensional beings magick and thought forms Hypnotized subjects describe the lights as the forms we become between lives on Earth This entertaining book examines the many theories about what these energies may be and presents evidence throughout history that confirms their existence Starting out as a novice photographer the author captured the apparent spirit of her sister s dog That began her great adventure into researching orbs vortexes and ectoplasms that are appearing in pictures worldwide In this book you will learn as she did how when and where to photograph and interact with these intelligent life forms How to Photograph the Paranormal has something for everyone from the simply curious to ghost hunters and paranormal researchers The book features dozens of original paranormal photographs many in full color Mysterious lights evidently have been with us all along but they are now making extra efforts to reveal themselves to humanity This book is an eye opening glimpse into their world Your Spiritual Lineage:

Researching the Genealogy of Your Soul William Bray,2006-10-30 Your Spiritual Lineage Researching the Genealogy of Your Soul Pioneering a New Understanding of the Origins of Personality Development Traditional psychology proposes that personality development begins at birth Instead this new study proposes that each of us has subconscious memories of past lives that form a much earlier origin A child prodigy may be selectively remembering talents skills and accomplishments from a previous lifetime that he is building on early in this one We are drawn to professions we are familiar with because we ve done them before and may choose places to live visit or vacation because they are pleasant and familiar to us from a past life walking on our own faded footprints without realizing it When one of his students in conversation began quoting poetry of Arthur Rimbaud without knowing it author William E Bray began exploring the possibility that his student might have been Rimbaud in a past lifetime Subsequent research led him to develop a lineage chart showing that the spiritual lineage of Rimbaud stretched back through Andre Breton Virgil and Alexander the Great He shows how the adventures of Aeneas would

have been based on Virgil's subconscious memories of his own exploits when he would have been Alcibiades in a past life. Each chapter leads the reader through an exciting search to discover the past lives of some of the world's most important figures. The book is also written as a guide to help the reader learn how to research his own past lives.
