Take this book as your guide and explore just how effective your feedback can be. Learner Focused Feedback has been recognized for focusing on practices that have high effect sizes and will help you translate the groundbreaking Visible Learning research into practice. When educators use strategies that have high effects greater than 0.40, they can accelerate student achievement. The power of the Visible Learning research lies in helping educators understand which factors have the highest impact on student achievement so that educators can begin making strategic decisions based on evidence that will utilize their time, energy, and resources to the best extent possible. The Visible Learning research is based on Professor John Hattie's unmatched meta-analysis of more than 1,600 research reviews comprising 95,000 studies involving more than 300 million students, the world's largest evidence base on what works best in schools to improve student learning. From that research, Dr. Hattie identified more than 250 factors that have an impact on student achievement. The book provides foundational information for assessing multilingual learners (MLs) in schools with an emphasis on school language and content. Major assessment ideas are viewed through a framework called PUMI (Purpose, Use, Method, and Instrument) to help readers focus on important assessment principles leading to better quality assessments for MLs. This is a substantially revised and updated second edition of *The Assessment of Emergent Bilinguals*. Updates in this edition include a greater focus on multilingual assessment and assessment in language contexts in addition to English/Spanish. This edition addresses both the current politics of multilingual assessment and recent theoretical developments, including an expanded exploration of translanguageing in assessment contexts. This edition aims to be more practical than the first edition, with more examples of assessments and rubrics and a greater emphasis on using assessment results in formative ways. *Digest; Review of Reviews Incorporating Literary Digest*, 1899
