Retreat And Rearguard Somme 1918 The Fifth Army Retreat

Winston Churchill

Retreat And Rearguard Somme 1918 The Fifth Army Retreat:

Retreat and Rearguard, Somme 1918 Jerry Murland, 2014-07-09 The German Spring offensive or Kaiserschlacht was a period of great danger for the Allies Both sides were exhausted after years of bitter fighting and huge losses While eventually catastrophically unsuccessful and the prelude to their final defeat the Germans forced the Allies back over hard won ground until the tide turned Historian Jerry Murland has researched and visited the scenes of desperate actions during late March 1918 He describes in graphic detail the battles fought by British Irish and South African regiments in the area from St Leger in the North to La Fere in the South He unearths the extraordinary stories of unit and individual courage He also examines the work of the Royal Engineers who blew bridges and disrupted lines of communication This original approach covers battles that in many cases have only been described briefly in official histories The book is a useful companion for any battlefield visitor

Reporting the First World War in the Liminal Zone Sara Prieto, 2018-02-28 This book deals with an aspect of the Great War that has been largely overlooked the war reportage written based on British and American authors experiences at the Western Front It focuses on how the liminal experience of the First World War was portrayed in a series of works of literary journalism at different stages of the conflict from the summer of 1914 to the Armistice in November 1918 Sara Prieto explores a number of representative texts written by a series of civilian eyewitness who have been passed over in earlier studies of literature and journalism in the Great War The texts under discussion are situated in the liminal zone as they were written in the middle of a transitional period half way between two radically different literary styles the romantic and idealising ante bellum tradition and the cynical and disillusioned modernist school of writing They are also the product of the various stages of a physical and moral journey which took several authors into the fantastic albeit nightmarish world of the Western Front where their understanding of reality was transformed beyond anything they could have anticipated

The Battalion Ian Isherwood, 2024-10-30 How did ordinary citizens become soldiers during the First World War and how did they cope with the extraordinary challenges they confronted on the Western Front These are questions Ian Isherwood seeks to answer in this absorbing and deeply researched study of the actions and experiences of an infantry battalion throughout the conflict His work gives us a vivid impression of the reality of war for these volunteers and an insight into the motivation that kept them fighting The narrative traces the history of the 8th Battalion The Queen's Royal West Surrey Regiment a Kitchener battalion raised in 1914 The letters memoirs and diaries of the men of the battalion in particular the correspondence of their commanding officer reveal in fascinating detail what wartime life was like for this group of men It includes vivid accounts of the major battles in which they were involved Loos the Somme Passchendaele the German Spring Offensive and the final 100 Days campaign The battalion took heavy losses yet those who survived continued to fight and took great pride in their service an attitude that is at odds with much of the popular perception of the Great War Ian Isherwood brings in the latest research on military thinking and learning on emotional resilience and cultural history to tell their story

Dorothy Brooke and the Fight to Save Cairo's Lost War Horses Grant Hayter-Menzies, 2017-11-01 Born in June 1883 to an aristocratic Scottish family Dorothy Gibson Craig was brought up with dogs and horses In 1926 she married Maj Gen Geoffrey Brooke recipient of the Distinguished Service Order in World War I and a writer on equine culture She followed her new husband to Cairo where she discovered thousands of malnourished and suffering former British war horses leading lives of backbreaking toil and misery Brought to the Middle East by British forces during the Great War these ex cavalry horses had been left behind at the war's end abandoned like used equipment too costly to send home In *Dorothy Brooke and the Fight to Save Cairo's Lost War Horses* Grant Hayter Menzies chronicles not only the lives and eventual rescue of these noble creatures who after years of deprivation and suffering found respite in Brooke's Old War Horse Memorial Hospital but also the story of the challenges of founding and maintaining an animal rescue institution on this scale The legacy of the Old War Horse Memorial Hospital and its founder endures today in the dozens of international Brooke animal welfare facilities dedicated to improving the lives of working horses donkeys and mules across Africa Asia and Latin America The author Grant Hayter Menzies is making a donation of 20% of the royalties from the book to The Brooke Hospital for Animals and 20% of the royalties to its affiliate in Egypt Brooke Hospital for Animals Egypt Neither the author or the publisher receives any payment from Brooke or any other party in connection with sales of this book The Brooke Hospital for Animals is a charity registered in England and Wales no 1085760 [The World Crisis: 1916-1918](#) Winston Churchill, 1927 **The World**

Crisis: 1916-1918 Winston S. Churchill, 2013-09-23 A volume in Churchill's history of the First World War that is essential reading as fresh and compelling as ever Jon Meacham bestselling author of *Franklin and Winston* This epic volume third in a five volume history of World War I from the eyewitness perspective of a highly placed political insider details Winston S Churchill's development of the Ten Year Rule which gave the treasury unprecedented power over financial foreign and strategic policy for years to come In March 1916 Churchill returned to England to speak once more in the House of Commons Appointed first Minister of Munitions then later Secretary of State for War and Secretary of State for Air Churchill was in a prime position to observe and document the violent end of World War I This volume gives context for the events that came before Churchill's return including the intense battles of Jutland and Verdun And it provides a rare perspective in the unbiased observances of a political leader with a journalist's eye for the truth and a historian's sense of significance qualities which helped earn him a Nobel Prize in Literature in 1953 **The Fifth Army in March 1918** Walter Shaw Sparrow, 1921

How the War Was Won T.H.E. Travers, 1992-06-11 This important and sometimes controversial book explains what part the British Expeditionary Force played in bringing the First World War to an end Travers focuses on the themes of command and technology drawing on a wide range of sources *St Quentin* Philip Guest, Helen McPhail, 2000-09-12 After the First World War how many thousands of British families would have proud or bitter reason to remember the name St Quentin At least eight Divisions 23 Brigades 74 Battalions an enormous number of fighting men a weight of experience courage defeat

and victory all to be traced through these fields and villages round the city There is much to honour here exhausted British troops marching south in the Retreat from Mons in August 1914 resistance attacks on the Hindenburg Line in 1917 desperate feats of arms in the final German onslaught in the Spring of 1918 Many impressive individual and collective achievements captured guns Victoria Crosses richly earned The ancient city itself suffered too bombardment by French and British artillery its citizens subjected and exploited by the occupying German forces then evacuated ahead of the withdrawal to the Hindenburg Line before its final liberation in October 1918 The book gives details of positions redoubts attacks lines of advance and retreat with many illustrations provided from local sources Most of the positions described can still be traced and the sites of some epic events located

Somme Offensive, March 1918 Andrew Rawson, 2018-02-28 This is an account of the British Expeditionary Forces defensive battle on the Somme in March and April of 1918 It starts with the huge German offensive along a 60 mile front on 21 March Third and Fifth Armies then had to make a series of fighting withdrawals in which some battalions had to fight their way out while others were overrun Over the days that followed men were called upon to fight all day against overwhelming numbers and then march all night to escape After three years in the trenches men had to battle in the open without tanks and often without artillery support As communications failed battalion and company commanders found themselves having to command in what was essentially a desperate infantry struggle Each stage of the two week battle is given the same treatment covering details about the most talked about side of the campaign the British side It explains how the British soldier time and again stood and fought Over fifty new maps chart the day by day progress of each corps on each day Together the narrative and the maps explain the British Armys experience during a fraught battle for survival The men who made a difference are mentioned those who led the advances those who stopped the counterattacks and those who were awarded the Victoria Cross Discover the Somme 1918 campaign and learn how the British Armys brave soldiers fought and died trying to stop the onslaught

Victoria Crosses on the Western Front, 20th November 1917-23rd March 1918 Paul Oldfield, 2017-11-30 In the past while visiting the First World War battlefields the author often wondered where the various Victoria Cross actions took place He resolved to find out In 1988 in the midst of his army career research for this book commenced and over the years numerous sources have been consulted Victoria Crosses on the Western Front Cambrai to the German Spring Offensive is designed for the battlefield visitor as much as the armchair reader A thorough account of each VC action is set within the wider strategic and tactical context Detailed sketch maps show the area today together with the battle lines and movements of the combatants It will allow visitors to stand upon the spot or very close to where each VC was won Photographs of the battle sites richly illustrate the accounts There is also a comprehensive biography for each recipient covering every aspect of their lives warts and all parents and siblings education civilian employment military career wife and children death and burial commemoration A host of other information much of it published for the first time reveals some fascinating characters with numerous links to many famous people and events

Arms, Economics and British Strategy G. C. Peden, 2007-02-08 This book integrates strategy technology and economics and presents a new way of looking at twentieth century military history and Britain's decline as a great power G C Peden explores how from the Edwardian era to the 1960s warfare was transformed by a series of innovations including dreadnoughts submarines aircraft tanks radar nuclear weapons and guided missiles He shows that the cost of these new weapons tended to rise more quickly than national income and argues that strategy had to be adapted to take account of both the increased potency of new weapons and the economy's diminishing ability to sustain armed forces of a given size Prior to the development of nuclear weapons British strategy was based on an ability to wear down an enemy through blockade attrition in the First World War and strategic bombing in the Second and therefore power rested as much on economic strength as on armaments

The First Day on the Somme Martin Middlebrook, 2016-06-30 A history of the British Army's experience at the Battle of the Somme in France during World War I After an immense but useless bombardment at 7 30 AM on July 1 1916 the British Army went over the top and attacked the German trenches It was the first day of the battle of the Somme and on that day the British suffered nearly 60 000 casualties two for every yard of their front With more than fifty times the daily losses at El Alamein and fifteen times the British casualties on D day July 1 1916 was the blackest day in the history of the British Army But more than that as Lloyd George recognized it was a watershed in the history of the First World War The Army that attacked on that day was the volunteer Army that had answered Kitchener's call It had gone into action confident of a decisive victory But by sunset on the first day on the Somme no one could any longer think of a war that might be won Martin Middlebrook's research has covered not just official and regimental histories and tours of the battlefields but interviews with hundreds of survivors both British and German As to the action itself he conveys the overall strategic view and the terrifying reality that it was for front line soldiers Revised in 2016 from the 1971 original edition Praise for *The First Day on the Somme* The remembrance of those lives difficult as it may be will start in earnest now with this wonderful book It's almost like being there yourself enough said Books Monthly UK

The Agincourt War Alfred H. Burne, 2014-06-30 Henry V's stunning victory at Agincourt was a pivotal battle of the Hundred Years War reviving England's military fortunes and changing forever the course of European warfare In this exciting and readable account Colonel Burne recreates the years leading up to Agincourt and its bitter aftermath He also puts the battle in the perspective of the other important yet less well known engagements of the war such as the battles of Verneuil and Fresnay As with the battles so with its commanders Henry V is known to all but Colonel Burne gives rightful honour to Talbot Salisbury Bedford Chandos and many others On the French side he details the parts played by Bertrand du Guesclin and of course Joan of Arc Colonel Burne's outstanding reconstruction of the war is written for layman and historian alike and conveys the drama that Agincourt and its heroes have always so vividly evoked This new edition of a classic text includes a new introduction by Anne Curry the world's leading authority on the battle of Agincourt
