Scott C. Dulebohn

Rich Country Poor Country:

Rich Countries And Poor Countries W W Rostow, 1987 In these ten essays Rostow addresses the future of the world and its economy from the perspective of his years of study and reflection on the problems of economic development He focuses on how to create and sustain a civilized and industrious world society beset by historic trends with enormous potential for disruption Powerful forces such as microelectronics genetics robots and lasers and the diffusion of high technology to low wage areas are creating irrevocably intertwined global problems Rostow addresses these issues historically and intellectually and highlights the particular concerns of Mexico India Japan and the Pacific Basin He also speculates on how the large economic trends affecting the superpowers may lead to a significant easing of East West tensions ISBN 0 8133 0497 0 34 50

How Rich Countries Got Rich And Why Poor Countries Stay Poor Erik Steinfeldt Reinert, 2008-01-01 How Rich Countries Got Rich and why Poor Countries Stay Poor Erik S. Reinert, 2007 How Rich Countries Got Rich is a narrative history of modern economic development from the Italian Renaissance to the present day In it Erik S Reinert shows how rich countries developed through a combination of government intervention protectionism and strategic investment Reinert suggests that this set of policies in various combinations has driven successful development from Renaissance Italy to the modern Far East Yet despite its demonstrable success orthodox development economists have largely ignored this approach and insisted instead on the importance of free trade Reinert presents a strongly revisionist history of economics and shows how the discipline has long been torn between the continental Renaissance tradition on one hand and the free market theories of English and later American economics on the other He argues that our economies were founded on protectionism and state activism and could only later afford the luxury of free trade When our leaders come to lecture poor countries on the right road to riches they do so in almost perfect ignorance of the real history of mass affluence **International**
