

Subject: Nursing

Rogers' Theory on Science of Unitary Human Beings

Nursing theories form the foundation of nursing philosophy that guides nurses in the provision of quality patient care. Moreover, nurses have the professional obligation to systematically search scientific information as a basis for evidence on care delivery. Individual patient characteristics determine the course of care consistent with the nursing profession doctrine of patient-centered care. Nurses must possess analytical skills for critical evaluation of a patient's health status to inform clinical decision-making. However, nursing theories provide a framework that shapes the overall conduct of nurses in clinical practice. Therefore, the discussion of Martha Rogers'...

Schaeper**

Rogers Scholar Essay Examples:

Rhodes Scholars, Oxford, and the Creation of an American Elite Thomas J. Schaeper, Kathleen Schaeper, 2010-02-01 Each year thirty two seniors at American universities are awarded Rhodes Scholarships which entitle them to spend two or three years studying at the University of Oxford The program founded by the British colonialist and entrepreneur Cecil Rhodes and established in 1903 has become the world's most famous academic scholarship and has brought thousands of young Americans to study in England Many of these later became national leaders in government law education literature and other fields Among them were the politicians J William Fulbright Bill Bradley and Bill Clinton the public policy analysts Robert Reich and George Stephanopoulos the writer Robert Penn Warren the entertainer Kris Kristofferson and the Supreme Court Justices Byron White and David Souter Based on extensive research in published and unpublished documents and on hundreds of interviews this book traces the history of the program and the stories of many individuals In addition it addresses a host of questions such as how important was the Oxford experience for the individual scholars To what extent has the program created an old boy girl since 1976 network that propels its members to success How many Rhodes Scholars have cracked under the strain and failed to live up to expectations How have the Americans coped with life in Oxford and what have they thought of Britain in general Beyond the history of the program and the individuals involved this book also offers a valuable examination of the American British cultural encounter

Ferguson Career Resource Guide to Grants, Scholarships, and Other Financial Resources, 2-Volume Set Ferguson, 2014-05-14 A two volume comprehensive guide with information on obtaining scholastic grants scholarships and other financial resources to be used for educational expenses

Applying the Scholarship of Teaching and Learning beyond the Individual Classroom Jennifer C. Friberg, Kathleen McKinney, 2019-08-29 A survey of exemplary SoTL research projects and the use of their results on a broader scale When the Scholarship of Teaching and Learning SoTL emerged it often concentrated on individual faculty practice in one classroom it is now however increasingly common to find work in SoTL focused more broadly SoTL studies may engage with a cluster of courses a program a particular population of students a pedagogical approach or a field all of which are represented in the essays collected here by authors from a diverse array of institutions and nations This volume features examples of SoTL research conducted in and applied to a variety of contexts and disciplines offering a theoretical framework for an expanded vision of SoTL one that moves beyond the individual classroom

Communication Science Theory and Research Marina Krcmar,David R. Ewoldsen,Ascan Koerner,2016-05-20 This volume provides a graduate level introduction to communication science including theory and scholarship for masters and PhD students as well as practicing scholars The work defines communication reviews its history and provides a broad look at how communication research is conducted It also includes chapters reviewing the most frequently addressed topics in communication science This book presents an overview of theory in general and of communication theory in particular while offering a broad look at topics in communication that promote understanding of the key issues in communication science for students and scholars new to communication research The book takes a predominantly communication science approach but also situates this approach in the broader field of communication and addresses how communication science is related to and different from such approaches as critical and cultural studies and rhetoric As an overview of communication science that will serve as a reference work for scholars as well as a text for the introduction to communication graduate studies course this volume is an essential resource for understanding and conducting scholarship in the communication discipline

[Kierkegaard's Influence on the Social Sciences](#) Jon Bartley Stewart,2011 Kierkegaard has long been known as a philosopher and theologian but his contributions to psychology anthropology and sociology have also made an important impact on these fields The articles featured in the present volume explore the reception of Kierkegaard s thought in the social sciences Of these fields Kierkegaard is perhaps best known in psychology where The Concept of Anxiety and The Sickness unto Death have been the two most influential texts With regard to the field of sociology social criticism or social theory Kierkegaard s Literary Review of Two Ages has also been regarded as offering valuable insights about some important dynamics of modern society

Scripture and Scholarship in Early Modern England Nicholas Keene,2017-03-02 The Bible is the single most influential text in Western culture yet the history of biblical scholarship in early modern England has yet to be written There

have been many publications in the last quarter of a century on heterodoxy particularly concentrating on the emergence of new sects in the mid seventeenth century and the perceived onslaught on the clerical establishment by freethinkers and Deists in the late seventeenth and early eighteenth century However the study of orthodoxy has languished far behind This volume of complementary essays will be the first to embrace orthodox and heterodox treatments of scripture and in the process question challenge and redefine what historians mean when they use these terms The collection will dispel the myth that a critical engagement with sacred texts was the preserve of radical figures anti scripturists Quakers Deists and freethinkers For while the work of these people was significant it formed only part of a far broader debate incorporating figures from across the theological spectrum engaging in a shared discourse To explore this discourse scholars have been drawn together from across the fields of history theology and literary criticism Areas of investigation include the inspiration textual integrity and historicity of scriptural texts the relative authority of canon and apocrypha prophecy the comparative merits of texts in different ancient languages developing tools of critical scholarship utopian and moral interpretations of scripture and how scholars read the Bible Through a study of the interrelated themes of orthodoxy and heterodoxy print culture and the public sphere and the theory and practice of textual interpretation our understanding of the histories of religion theology scholarship and reading in seventeenth century England will be enhanced

The Routledge Research Companion to Popular Romance Fiction Jayashree Kamblé, Eric Murphy Selinger, Hsu-Ming Teo, 2020-08-11 Popular romance fiction constitutes the largest segment of the global book market Bringing together an international group of scholars The Routledge Research Companion to Popular Romance Fiction offers a ground breaking exploration of this global genre and its remarkable readership In recognition of the diversity of the form the Companion provides a history of the genre an overview of disciplinary approaches to studying romance fiction and critical analyses of important subgenres themes and topics It also highlights new and understudied avenues of inquiry for future research in this vibrant and still emerging field The first systematic comprehensive resource on romance fiction this Companion will be invaluable to students and scholars and accessible to romance readers

Galvin - Economic Inequality and Energy Consumption in Developed Countries Ray Galvin, 2019-10-25 Inequality and Energy How Extremes of Wealth and Poverty in High Income Countries Affect CO2 Emissions and Access to Energy challenges energy consumption researchers in developed countries to reorient their research frameworks to include the effects of economic inequality within the scope of their investigations and calls for a new set of paradigms for energy consumption research The book explores concrete examples of energy deprivation due to inequality and provides conceptual tools to explore this in relation to other issues regarding energy consumption It thereby urges that energy consumption approaches be updated for a world of increasing inequality Extreme economic inequality has increased within developed countries over the past three decades The effects of inequality are now seen increasingly in health housing affordability crime and social cohesion There are signs it may even threaten democracy Researchers are also

exploring its effects on energy consumption One of their key findings is that less privileged groups have lost consistent access to basic energy services like warm homes and affordable transport leading to huge disparities of climate damaging emissions between rich and poor

B. B. Warfield's Scientifically Constructive Theological Scholarship David P. Smith, 2011-08-05 B B Warfield the Lion of Princeton is perhaps America's most prolific and preeminent biblical and theological scholar and yet he has been largely misunderstood and misrepresented In this landmark work David Smith penetrates to the defining features of Warfield's thought and helps us understand its revolutionary character Warfield's detractors have maligned his thought as static and beholden to an outdated epistemology yet Smith debunks this myth Placed within his historical context we discover Warfield expressing the organic and dynamic nature of truth overcoming the subject object dilemma that plagues Western epistemological rationalism and mysticism and all through his explaining the doctrinal system warranted by the Bible Theological scholarship and American church historiography will have to reckon with this fresh and much needed apologetic on America's preeminent apologist
