Understanding Ageing Robin Holliday, 1995-01-27 This book presents a completely novel approach to the understanding of ageing which many believe is an unsolved problem in biology It explains why ageing exists in animals and reviews our understanding of it at the biological level This includes a discussion of the origins and evolution of ageing The book is not a review of research on ageing but instead draws on material from a wide range of disciplines including the very extensive biomedical information about age related diseases in humans Understanding Ageing argues that much research needs to be done on the cellular and molecular aspects of ageing if the origins of these diseases are to be understood and their prevention made possible This thought

provoking book will appeal to all students and researchers who are interested in ageing whether they are working in the clinical or basic research sphere **MCQs for FRCOphth and ICO Basic Sciences Examinations** Sameer Trikha, Silva Samantha de, Hemal Mehta, Simon Keightley, 2012-01-22 A sound knowledge of basic sciences is vital for any doctor with an interest in ophthalmology and is a significant part of all postgraduate examinations in the subject Featuring 640 multiple choice questions this is a comprehensive revision guide for candidates taking the basic sciences component of the FRCOphth and ICO examinations It is highl **MRCOG Part One** Alison Fiander, Baskaran Thilaganathan, 2016-10-13 Fully updated to reflect changes to the curriculum and question format since publication of the original edition this book is essential reading for all Part 1 MRCOG candidates A chapter has been added to mirror the new curriculum domain of data interpretation Edited by experienced RCOG examiners and written by contributors to the RCOG s revision course this comprehensive textbook provides extensive coverage of all curriculum areas covered by the Part 1 examination the basic sciences which are vital to the clinical practice of obstetrics and gynaecology Fully illustrated in colour throughout to aid understanding this is the one textbook that every Part 1 candidate should own The content is complementary to RCOG s eLearning programme StratOG <https://stratog.rcog.org.uk> which offers a range of products to support training and professional development in obstetrics and gynaecology including banks of Single Best Answer SBA questions that offer candidates invaluable practice at tackling this demanding examination **Adenosine Receptors** Gyorgy Hasko, Bruce N. Cronstein, Csaba Szabo, 2006-07-20 After a century of research several lines of evidence now indicate that the ability of adenosine to directly control inflammatory cells has a major impact on the functions of the inflammatory and immune systems Consequently many promising therapeutic approaches are beginning to emerge that focus on the modulation of adenosine including the deve

Holistic Darwinism Peter Corning, 2010-08-15 In recent years evolutionary theorists have come to recognize that the reductionist individualist gene centered approach to evolution cannot sufficiently account for the emergence of complex biological systems over time Peter A Corning has been at the forefront of a new generation of complexity theorists who have been working to reshape the foundations of evolutionary theory Well known for his Synergism Hypothesis a theory of complexity in evolution that assigns a key causal role to various forms of functional synergy Corning puts this theory into a much broader framework in *Holistic Darwinism* addressing many of the issues and concepts associated with the evolution of complex systems Corning s paradigm embraces and integrates many related theoretical developments of recent years from multilevel selection theory to niche construction theory gene culture coevolution theory and theories of self organization Offering new approaches to thermodynamics information theory and economic analysis Corning suggests how all of these domains can be brought firmly within what he characterizes as a post neo Darwinian evolutionary synthesis
