Have you ever stood on the seashore just after a violent storm and observed the crashing waves? In some areas beaches are littered with wreckage of ships and we shudder at their destruction. A mile or so down the beach others may be standing on the edge of the water with their surf boards waiting for the next wave to recede so they can follow it out and ride the next one in. On one hand disaster on the other opportunity. How do funeral service professionals view this economic storm? Do they wonder how their funeral home can stay afloat in these turbulent economic waters or go under like the Titanic? Funeral directors are experts at weathering economic typhoons and tornadoes. In my lifetime I have seen them survive three major disasters and come out better because of them. *The Rough Guide to Budapest (Travel Guide eBook)* Rough Guides,2018-01-04 Discover Budapest with the most knowledgeable and entertaining guidebook on the market.
