School Based Management And Accountability Procedures Manual:

School-Based Management and Accountability Procedures Manual North Carolina Department. of Public Instruction, Raleigh, 2004 From the mission several principles were developed to guide the School Based Management and Accountability Program the ABCs 1 The ABCs sets standards for student performance and growth in the basics that are the foundation for further learning and achievement 2 The accountability system in the ABCs plan is designed to result in improved student performance 3 Schools and districts are accountable for the education of all students 4 The ABCs should provide instructional programmatic and financial flexibility for schools and school systems that meet standards for performance and growth 5 The ABCs relies on local schools and school districts to involve all parents teachers and community representatives in the planning process and to develop and implement local accountability and program evaluation systems that complement the state ABCs plan and 6 The ABCs recognizes the public's right to know the performance of local schools and school districts School report cards will include summary data about the status of all schools on indicators in the ABCs Data is reported to the State Board of Education and made available to parents and the general public **School-based Management and Accountability Procedures Manual**, 2004 *School-based Management & Accountability Procedures Manual* North Carolina. State Board of Education, 1996* **School-based Management and Accountability Program** North Carolina. State Board of Education, 1999 *Resources in Education*, 2001-10 **Organizing Schools** William Bailey, 1997-02-28 Provides information to help administrators organize school structure advance effective techniques increase worker satisfaction and promote productivity **Checklist of Official North Carolina State Publications**, 1996 **International Handbook of Educational Policy** Nina Bascia, Alister Cumming, Amanda Datnow, Kenneth Leithwood, David Livingstone, 2008-05-14 Nina Bascia Alister Cumming Amanda Datnow Kenneth Leithwood and David Livingstone This Handbook presents contemporary and emergent trends in educational policy research in over fifty chapters written by nearly ninety leading researchers from a number of countries It is organized into five broad sections which capture many of the current dominant educational policy foci and at the same time situate current understandings historically in terms of both how they are conceptualized and in terms of past policy practice The chapters themselves are empirically grounded providing illustrations of the conceptual implications contained within them as well as allowing for comparisons across them The serendipity within chapters with respect to jurisdictional particularities and contrasts allows readers to consider not only a range of approaches to policy analysis but also the ways in which policies and policy ideas play out in different times and places The sections move from a focus on prevailing policy tendencies through increasingly critical and outsider perspectives on policy They address in turn the contemporary strategic emphasis on large scale reform substantive emphases at several levels on leadership and governance improving teacher quality and conceptualizing learning in various domains around the notion of literacies and concluding finally with a contrasting topic

workplace learning which has had less policy attention and thus allows readers to consider both the advantages and disadvantages of learning and teaching under the bright gaze of policy *The Principal's Companion* Pam Robbins,Harvey B. Alvy,2003 This book adds extremely relevant knowledge and skills for innovative reformers and for more traditional leaders alike It provides a solid set of interesting and shrewd suggestions that can be used immediately by practising principals From the Foreword by Kent D Peterson Professor Department of Educational Administration University of Wisconsin Madison Despite the administrative leadership training that most principals receive in university courses their most useful learning doesn t occur until they are on the job And the new knowledge much of it the result of trial and error success and failure is gained in relative isolation simply because there is no one else at that responsibility level within the school Pam Robbins an educational consultant and Harvey B Alvy a practicing principal offer a well organized interactive manual for the role of principal They have worked with hundreds of schools educators and other organizations around the world collecting data that form the basis for *The Principal s Companion* This easy to read book combines the most helpful tried and true strategies with the most relevant leadership research and theory The authors discuss creative leadership and necessary skills the wide variety of roles played by principals how to create a learning community personal and professional issues and much more Quotes from practicing principals are included throughout the book and readers are encouraged to jot down their own reflections about each chapter theme *The Principal s Companion* is a rare opportunity to collaborate with other principals an excellent professional resource that will be referred to again and again Ideal for practicing and aspiring principals it is also highly useful as a text for administration courses Research in Education ,1973
