Introduce your teachers, librarians, and administrators to the roles and responsibilities of educators in advocating a whole school library learning commons using this step by step guide for creating shared learning space in your school. It is no surprise that technology has shifted the way we educate bearing on how, what, and where we learn. This guide lays the framework for helping turn your school library into a whole school library learning commons. WSLLC, a space where traditional academics merge with the latest technologies to engage learners in a way never before realized.
