Children's Books In Print 1998 Bowker Editorial Staff, R R Bowker Publishing, Bowker, 1998 **Publishers Weekly**, 1920 The Publishers Weekly, 1889 Reference Catalogue of Current Literature, 1875 **The American Educational Catalogue**, 1919 *The Saturday Review of Politics, Literature, Science and Art*, 1862 Law and the Management of Disasters Alexia Herwig, Marta Simoncini, 2016-12-01. Disasters raise serious challenges for contemporary legal orders: they demand significant management but usually amidst massive disruption to the normal functioning of state authority and society. When dealing with disasters, law has traditionally focused on contingency planning and recovery. More recently, however, resilience has emerged as a key concept in effective disaster management policies and strategies aiming at minimising the impact of events so that the normal functioning of society and the state can be preserved. This book analyses the contribution of law to resilience building by looking at law's role in the different phases of the disaster regulatory process: risk assessment, risk management, emergency intervention and recovery. More specifically, it addresses how law can effectively contribute to resilience oriented disaster management policies and what legal instruments can support effective resilience building.
