Extreme Programming Explained Kent Beck, Cynthia Andres, 2004
Accountability Transparency Responsibility These are not words that are often applied to software development
In this completely revised introduction to Extreme Programming XP Kent Beck describes how to improve your software development by integrating these highly desirable concepts into your daily development process
The first edition of Extreme Programming Explained is a classic It won awards for its then radical ideas for improving small team development such as having developers write automated tests for their own code and having the whole team plan weekly
Much has changed in five years
This completely rewritten second edition expands the scope of XP to teams of any size by suggesting a program of continuous improvement based on
