EdPsych Modules Cheryl Cisero Durwin, Marla Reese-Weber, 2016-12-01 Now with SAGE Publications Cheryl Cisero Durwin and Marla Reese Weber s EdPsych Modules uses an innovative implementation of case studies and a modular format to address the challenge of effectively connecting theory and research to practice Each module is a succinct stand alone topic that represents every subject found in traditional chapter texts and can be used in any order for maximum flexibility in organizing your course Each of the book s eight units of modules begins with a set of four case studies early childhood elementary middle school and secondary and ends with Assess and Reflect and Evaluate questions and activities to encourage comprehension and

application of the research and theories presented The case approach and the extensive pedagogy that support it allows students to constantly see the applications of the theories and research that they are studying in the text Advancing Formative Assessment in Every Classroom Connie M. Moss, Susan M. Brookhart, 2019-05-13 Formative assessment is one of the best ways to increase student learning and enhance teacher quality But effective formative assessment is not part of most classrooms largely because teachers misunderstand what it is and don't have the necessary skills to implement it In the updated 2nd edition of this practical guide for school leaders authors Connie M Moss and Susan M Brookhart define formative assessment as an active continual process in which teachers and students work together every day every minute to gather evidence of learning always keeping in mind three guiding questions Where am I going Where am I now What strategy or strategies can help me get to where I need to go Chapters focus on the six interrelated elements of formative assessment 1 shared learning targets and criteria for success 2 feedback that feeds learning forward 3 student self assessment and peer assessment 4 student goal setting 5 strategic teacher questioning and 6 student engagement in asking effective questions Using specific examples based on their extensive work with teachers the authors provide Strategic talking points and conversation starters to address common misconceptions about formative assessment Practical classroom strategies to share with teachers that cultivate students as self regulated assessment capable learners Ways to model the elements of formative assessment in conversations with teachers about their professional learning What if scenarios and advice for how to deal with them and Questions for reflection to gauge understanding and progress As Moss and Brookhart emphasize the goal is not to do formative assessment but to embrace a major cultural change that moves away from teacher led instruction to a partnership of intentional inquiry between student and teacher with better teaching and learning as the outcome
