

SURVEY RESEARCH PROJECT

Sociology 318, Fall 2010

The purpose of this assignment is to familiarize you with the process of conducting a questionnaire survey from start to finish. For reasons explained below, you must work with a partner on this project. Read this document carefully because your grade depends on it. *Failure to follow the guidelines for final papers will result in your paper being handed back unread.*

Research Teams

All studies will be team projects. Research teams will consist of two or three people. You may choose your partner(s) but if you have no preference, I will make the assignments. The first thing you need to do is exchange contact information and schedules, and then set up a time to meet. It is important to develop a working division of labor but also for each person to be involved in every phase of the project. As explained below, the project is divided into stages and your group must get its work approved before moving on to the next phase. Ideally all members of your group should be present during these meetings. It is your responsibility to let me or one of the preceptors know if you and your partner are having problems. At the end of the semester you may either submit one paper for your group or individual papers.

Utilizing the Preceptors

The preceptors have taken this course before so they understand what the project entails and what I expect. You will be expected to discuss your progress with them on a regular basis and they will keep a record of your meetings. Although you can get advice from anyone, for the sake of consistency it is best to work with the same person throughout the semester.

Picking a Topic

You may pick any topic you wish as long as it can be studied with a questionnaire on campus using UM students as subjects. The best topics are research questions that are interesting and feasible. You need to pick a topic that you are genuinely curious about and which can be studied adequately in the time available. Good topics are narrow in scope but still challenging.

Whatever topic you choose, your study must examine *relationships between variables*. A variable is a dimension on which people can differ, such as age, sex, income and GPA. Discovering how variables are related is a crucial step in developing explanations for social behavior.

For example, we know that kids differ in their delinquency—a few never break the law, most do occasionally, and some are chronic offenders. Delinquency is a variable that sociologists want to explain: How do the saints differ from the sinners? One explanation is the type of discipline that parents use. Maybe the saints have strict discipline at home while the sinners have little. Parental discipline (strict to weak) is another variable. If we can show that delinquency is related to the type of discipline used at home, we're on our way to understanding why some kids are more delinquent than others.

Here are some topics studied by students in previous classes. If you have trouble finding an original topic, you certainly could choose any of these that you find interesting.

- Is body piercing related to drinking, drug use, and criminal behavior?
- Does watching crime shows on TV influence one's fear of crime and distrust of strangers?

The Top Books of the Year Sample Of A Prospectus Paper The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Sample Of A Prospectus Paper : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
