Put your last name and the page number in the upper-right corner of each page.

Against the Odds:

Harry S. Truman and the Election of 1948

Center the title.

"Thomas E. Dewey's Election as President Is a Foregone Conclusion," read a headline in the *New York Times* during the presidential election race between incumbent Democrat Harry S. Truman and his Republican challenger, Thomas E. Dewey. Earlier, *Life* magazine had put Dewey on its cover with the caption "The Next President of the United States" (qtd. in "1948 Truman-Dewey Election"). In a *Newsweek* survey of fifty prominent political writers, each one predicted Truman's defeat, and *Time* correspondents declared that Dewey would carry 39 of the 48 states (Donaldson 210). Nearly every major media outlet across the United States endorsed Dewey and lambasted Truman. As historian Robert H. Ferrell observes, even Truman's wife, Bess, thought he would be beaten (270).

Double-space throughout.

The results of an election are not so easily predicted. Not only did Truman win the election, but he won by a significant margin, with 303 electoral votes and 24,179,259 popular votes, compared to Dewey's 189 electoral votes and 21,991,291 popular votes (Donaldson 204-7). In fact, many historians and political analysts argue that Truman would have won by an even greater margin had third-party Progressive candidate Henry A. Wallace not split the Democratic vote in New York State and Dixiecrat Strom Thurmond not won four states in the South (McCullough 711). Although
