The following third year philosophy essay was written in response to this question:

"Although we are sometimes justified in withdrawing or withholding life-sustaining treatment from someone who is terminally ill and suffering, we could never be justified in killing such a person." Critically discuss this claim.

Note: the original student essay included a detailed reference list, which has been omitted here. You must include a reference list in the work you submit. Also, this essay is only one possible response to the above question.

Student essay

Withdrawing or withholding life-sustaining treatment from a terminally ill and suffering patient seems more easily justified than killing such a patient. This appears to be accepted by the majority of the medical profession, and is reflected by present laws in NSW. These prohibit the killing of a terminally ill and suffering patient (active euthanasia). However, they sometimes permit withdrawing or withholding life sustaining treatment (passive euthanasia), something which is already practised in many cases. There are two ways of arguing that passive euthanasia can be justified while active euthanasia cannot. The first relies on the intuition that killing someone is morally worse than letting him or her die. It is argued that a doctor who kills a patient directly causes the death, but a doctor who withdraws or withholds treatment merely allows that death. The doctor is differently responsible for the two deaths, and this justifies viewing the methods differently. However, many argue that there is not any real morally significant difference between the two. Choosing not to act is itself an action, and we are equally responsible for this. Indeed, as there is no morally significant difference, active euthanasia may sometimes be preferable. The second way of arguing that active euthanasia is never justifiable involves conceding this point. However, it is said to be in our best interests to maintain this fallacious distinction. Permitting active euthanasia would undermine our belief in the sanctity of human life, and start us sliding down a "slippery slope" that would end with a Nazi-like policy of 'euthanasing' anyone seen as a threat to or burden on society. In its most sensational form, this argument is easy to rebut, but we must carefully consider possible negative consequences of justifying active euthanasia, and the respect for personal autonomy that it displays is sufficient justification for such a program.

Writing Philosophy Papers Zachary Seech, 1993 WRITING PAPERS IN PHILOSOPHY is an inexpensive supplement covering the various kinds of writing assignments for which many of today's students are ill prepared. Teachers can rest assured that students now have the resources to learn the various skills e.g. organization, documentation, how to write a thesis, defense or comparison and contrast paper. This book will save time and frustration for everyone concerned. **How to Write a Philosophy Paper** James S. Stramel, 1995 How to Write a Philosophy Paper is a handbook which provides students with a ready arsenal of analytical and compositional techniques. It is intended for undergraduate students in any type of philosophy course and is written and organized in a user friendly manner. The first half includes discussions of the nature of philosophy and a variety of basic and essential techniques of philosophical enquiry and argumentation. The second half takes the student step by step through the writing process from choosing a suitable topic to developing his or her thought to preparation of the final draft. Includes an index and bibliographical material. *CBSE Class 12 - Design - 10 Sample Papers* Mocktime Publication, CBSE Sample Papers Class 12 Design. **Peterson's Graduate Programs in the Humanities 2011** Peterson's, 2011-07-01 Peterson's Graduate Programs in the Humanities contains a wealth of information on colleges and universities that offer graduate work in History, Humanities, Language, Literature, Linguistic Studies, Philosophy, Ethics, Religious Studies, and Writing. Institutions listed include those in the United States, Canada, and abroad that are accredited by U.S. accrediting agencies. Up to date data collected through Peterson's Annual Survey of Graduate and Professional Institutions provides valuable information on degree offerings, professional accreditation, jointly offered degrees, part time and evening, weekend programs, postbaccalaureate distance degrees, faculty, students, degree requirements, entrance requirements, expenses, financial support, faculty research, and unit head and application contact information. Readers will find helpful links to in depth descriptions that offer additional detailed information about a specific program or department, faculty members and their research, and much more. In addition, there are valuable articles on financial assistance, the graduate admissions process, advice for international and minority students, and facts about accreditation with a current list of accrediting agencies. **Writing Philosophy Papers** Zachary Seech, Andrew Kania, 2024-08-28 This sixth edition of Writing Philosophy Papers updates and expands one of the most popular guides to philosophical writing assignments for undergraduate students. Written in a clear, straightforward style, the book covers everything from time management to the difference between i.e. and e.g. The heart of the book is devoted to how to write a thesis defense paper, with chapters on the structure of a strong paper, the process of writing and revising, matters of style and usage, and scholarly citation. This advice is illustrated with concrete examples throughout, including a complete thesis defense paper written and formatted according to the book's recommendations. The book also covers how to take good notes from various kinds of philosophical sources, how to write other commonly assigned kinds of papers, and how to study for and take a philosophy exam. A chapter on doing philosophical
