

SEPARATION OF POWERS

Separation of powers "is the division of the legislative, executive, and judicial functions of government among separate and independent bodies" (Duingan & DeCarlo, 2019, p. 58).

DEFINITION

Separation of powers is a political theory, legal doctrine, and political institution which implies the distribution of state power between independent branches such as legislative, executive, and judicial. Each branch balances the power of the others and ensures no one branch oversteps its authority.

BRANCHES OF POWER

- **Legislature** - this is the elected body with the power to create laws in a parliament.
- **Executive** - this is the administrative body with the power to implement laws, and often declare war.
- **Judiciary** - enforces laws and adjudicates on whether the legislature and executive are acting legally or constitutionally.
