Practical Studies on Harmony and Counterpoint Vol. 1 (scores) Ernesto de Souza Pachito, 2012-05-28 Após 30 anos de estudos como autodidata em música trago ao público a suma de meu pensamento musical e de minhas influências implícitas nestas partituras Sou um compositor de província confesso mas algumas preocupações sempre me acompanharam o curso de arquitetura e mais os estudos de mestrado em literatura despertaram me para conceitos como minimalismo e desconstrução A audição de obras de música indiana e o próprio pensamento oriental em várias nuances e mais o amor ao jazz desde a infância lançaram-me no rumo de pensar o ato de executar música e a questão do aqui e agora como algo fundamentalmente dissociados por certos equívocos que eu tive a oportunidade de notar em algumas leituras de música que testemunhei Toda boa execução interpreta o mesmo sendo lida at porque depois de algumas leituras a forma do discurso musical se assenhora de nós ou nós o dominamos Digo isso e só várias formas do mesmo trecho musical penso After 30 years learning music by my own efforts and means I bring to you some of my scores where all my first musical thought and my influences can be seen I am a province composer I must confess but some questions were always with me my undergraduate studies in architecture and urban planning finished in 1997 and beyond this my Master in Literature finished in 2002 made my mind open to concepts like Minimalism and Deconstruction My constant search for Indian music since 1983 and my readings of Eastern thought in several of its forms and more the fact that I am a jazz lover almost since my childhood all of these features set me on the path of thinking both music performance and the hic et nunc as something fundamentally kept apart by some mistakes I had the opportunity to realize in some musical score readings In my opinion every reading and performance are singularities even if the musician have a score in front of him After some musical readings I think musical form or meaning they are the same thing in this case dominates the musician or the musician dominate it This is a dialectical process and I think that even the form and the meaning of musical piece are not the same every time that it is performed

the consequences of the Kapella's monopoly on music publications The wonderfully rich choral repertoire of the Russian Orthodox Church has until now been unavailable to most English speaking choirs due to the problems of language and accessibility Two volumes of Russian Court Chapel Choir music Galuppi to Vorotnikov and Bakhmetev to Lyapunov are available separately in performing editions They are easily accessible sources of nineteenth century Russian choral pieces by a range of composers in a variety of styles Carolyn Dunlop received a postgraduate degree in Russian language from the University of Strathclyde She was awarded her doctorate in Russian Orthodox Church music **The Etude**, 1900 *The Monthly Musical Record*, 1900 Includes music **Catalogue of the Books in the Lending Department of the Central Library, Stratford** West Ham (London, England).
