Practical Spiritual Warfare Three Discourses By St John Chrysostom:

Practical Spiritual Warfare Jack Ashcraft, 2014-10-27 Church Father St John Chrysostom details for readers the essential principles of spiritual warfare He explores the sovereignty of God our place within that sovereign rule and our responsibility to resist evil In an era where morality ethics and responsibility have all but vanished from society and even the church this Church Father s words stand as a stern rebuke *Revisioning John Chrysostom* Chris de Wet, Wendy Mayer, 2019-01-04 In *Revisioning John Chrysostom* Chris de Wet and Wendy Mayer harness and promote a new wave of scholarship on the life and works of this famous late antique c 350 407 CE preacher New theories from the cognitive and neurosciences cultural and sleep studies and history of the emotions among others meld with reconsideration of lapsed approaches his debt to Graeco Roman paideia philosophy and now medicine resulting in sometimes surprising and challenging conclusions Together the chapters produce a fresh vision of John Chrysostom that moves beyond the often negative views of the 20th century and open up substantially new vistas for exploration *City of Demons* Dayna S. Kalleres, 2015-10-13 Although it would appear in studies of late antique ecclesiastical authority and power that scholars have covered everything an important aspect of the urban bishop has long been neglected his role as demonologist and exorcist When the emperor Constantine made Christianity the official religion of the realm bishops and priests everywhere struggled to Christianize the urban spaces still dominated by Greco Roman monuments and festivals During this period of upheaval when congregants seemingly attended everything but their own orthodox church many ecclesiastical leaders began simultaneously to promote aggressive and insidious depictions of the demonic In *City of Demons* Dayna S Kalleres investigates this developing discourse and the church sponsored rituals that went along with it showing how shifting ecclesiastical demonologies and evolving practices of exorcism profoundly shaped Christian life in the fourth century *Saint John Chrysostom, His Life and Times a Sketch of the Church and the Empire in the Fourth Century* William Richard Wood Stephens, 2025-09-21 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **John Chrysostom on Divine Pedagogy** David Rylaarsdam, 2014 Contrary to the portrayals of Chrysostom as a theologically impaired moralizing sophist this book argues that his thinking is remarkably coherent when it is understood on his own terms and within his culture Chrysostom depicts God as a teacher of philosophy who adaptably guides people toward salvation Since the theme of divine adaptability influences every major area of Chrysostom s thought tracing this concept provides a thorough introduction to his theology It also explains at least in part several striking features of his homilies including his supposed inconsistencies his harsh rhetoric and apparent political naivete his intentionally abridged and exoteric theological discussions and his lack of allegiance to an Antiochene school In addition to illuminating such topics the concept of adaptability stands at one of the busiest intersections of Late Antique culture for it is an important idea found in rhetoric and

discussions about the best methods of teaching philosophy Consequently adaptability is an ingredient in the classical project of paideia and Chrysostom is a Christian philosopher who seeks to transform this powerful tradition of formation He gives his Christianized paideia a theological foundation by adapting and seamlessly integrating traditional pedagogical methods into his reading and communication of Scripture David Rylaarsdam provides an in depth case study of one prominent leader s attempt to transform culture by forming a coherent theological discourse that was adapted to the level of the masses The Homilies of S. John Chrysostom on the Gospel of St. Matthew Saint John Chrysostom,1851 *The Homilies of S. John Chrysostom, Archbishop of Constantinople* Saint John Chrysostom,1851 **The Homilies of S. John Chrysostom, Archbishop of Constantinople, on the Gospel of St. Matthew: Hom. LIX.-XC** Saint John Chrysostom,1851

Homilies of S. John Chrysostom, Archbishop of Constantinople, on the Gospel of St. Matthew Saint John Chrysostom,1885 **Food, Virtue, and the Shaping of Early Christianity** Dana Robinson,2020-08-13 In this book Dana Robinson examines the role that food played in the Christianization of daily life in the fourth century CE Early Christians used the food culture of the Hellenized Mediterranean world to create and debate compelling models of Christian virtue and to project Christian ideology onto common domestic practices Combining theoretical approaches from cognitive linguistics and space place theory Robinson shows how metaphors for piety such as health fruit and sacrifice relied on food related domains of common knowledge medicine agriculture votive ritual which in turn generated sophisticated and accessible models of lay discipline and moral formation She also demonstrates that Christian places and landscapes of piety were socially constructed through meals and food production networks that extended far beyond the Eucharist Food culture thus provided a network of metaphorical concepts and spatial practices that allowed the lay faithful to participate in important debates over Christian living and community formation
