

- 7) IR confirmation LED: This LED will flash to confirm the reception of an IR signal from a remote control through the IR receiver.
- 8) IR receiver: The IR receiver is used to receive commands from an IR remote control. Remote controls used for the source equipment will pass through to the main controller and on to the source equipment. The center frequency for the IR receiver is 40KHz. It will receive IR signals from 38KHz to 42KHz. To control the functions of the CA-LCD keypad, use the CA Remote control. The CA remote control will operate the lamp, source selection, volume up / down and room on / off.

LIMITED WARRANTY

The Russound CA-LCD is fully guaranteed for Two (2) years from the date of purchase against all defects in materials and workmanship. During this period Russound will replace any defective parts and correct any defect in workmanship without charge for either parts or labor. For this warranty to apply, the unit must be installed and used according to its written instructions. If service is necessary it must be performed by Russound. The unit must be returned to Russound at the owner's expense and with prior written permission. Accidental damage and shipping damage are not considered defects under the terms of this warranty. Russound assumes no responsibility for defects resulting from abuse or performing by an agency or person not specifically authorized in writing by Russound. Damage to or destruction of components due to improper use voids the warranty. In these cases the repair will be made at the owner's expense. To return for repair, the unit must be shipped to Russound at the owner's expense, along with a note explaining the nature of the service required. Be sure to pack in a corrugated container with at least 3 inches of resilient material to protect the unit from damage in transit.
