Diana Inquest: The French Cover-Up John Morgan, 2012-06-02 Diana Inquest The French Cover Up is the gripping story of how a culture of corruption and cover up was endemic throughout the investigation into the deaths of Princess Diana and Dodi Fayed It tracks the French investigation right from the initial minutes after the crash inside the Alma Tunnel through to the conclusion by Judge St phan in September 1999 The culture of cover up that surrounded the early investigations into the crash is revealed in striking detail for example the thorough cleansing of the crash scene within several hours of the crash Using witness and documentary evidence including what was heard during the 2008 inquest this volume reveals that Henri Paul the driver of the Mercedes was not drunk This book reveals the major difficulties faced by the inquest jury substantial portions of the most critical evidence were withheld from them This eventually resulted in a seriously flawed verdict in one of the most important jury inquests of our modern era

Post Mortem Technique Handbook Michael T. Sheaff, Deborah J. Hopster, 2005-12-18 Post Mortem Technique Handbook 2nd edition is a comprehensive practical guide to performing the modern post mortem The text is well illustrated and presented by system The book covers both the standard evisceration techniques and the many different dissection techniques that may be necessary in a variety of circumstances likely to be encountered by a practicing pathologist The recent debates regarding organ retention have lead to major changes in the legal groundings of post mortems and yet recent studies confirm the

continued need for autopsy information given the inaccuracies of pre mortem diagnosis This new and thoroughly revised edition includes the most recent guidance from the Royal College of Pathologists and from the College of American Pathologists A must have for all those who conduct post mortems this book is essential for pathologists in training medical students and mortuary technicians but will also be useful to experienced practitioner requiring information on the less common techniques Both authors are Consultant Histopathologists and Honorary Senior Lecturers at the University of London and are closely involved in both undergraduate and postgraduate education and examination
