

Persuasive Speech Outline Sample Monroe's Motivated Sequence "Donating Blood"

Persuasive Speech Sample Outline

Specific Purpose: To persuade the audience to donate blood regularly if their blood is safe to be transferred to another human being.

Central Idea: Donating blood helps save lives through a relatively simple and painless process that also provides numerous benefits to the donor.

Organizational Pattern: Monroe's Motivated Sequence

Introduction

Attention Step:

- I. *(Gain audience's attention)* One day while Jim was enjoying one of his favorite hobbies, flying small airplanes, the airplane crashed and Jim suffered broken bones and serious burns over most of his body. He was rushed to the hospital and lives today only because of people like you.
- II. *(Reveal Topic)* People like you made a conscious decision to donate blood and it's their blood that has given Jim life. It is highly probably that you or someone you know will need a blood transfusion. According to Dr. Bianco, the President of America's Blood Centers, you are the new generation of donors—people in their late teens and early twenties. He says that this "new generation of donors is the key to our blood supply today and tomorrow."
- III. *(Establishment of Credibility)* Through extensive research and personal experience of giving blood, I have learned how important it is to donate blood.
- IV. *(Preview of Main Points)* After explaining the need for a sufficient blood supply, the donation process, and benefits of giving blood I hope you will decide to save people's lives by donating blood.

Body

I. Need Step

- A. Dr. Bianco is also quoted as saying, "the stress on the blood supply is increasing."
 1. The demand for blood never lets up because according to MetLife, every day thousands of people need donations to survive.
 2. The blood must go through a series of time-consuming tests and then used before it perishes—whole blood for instance can not be used after 42 days.
 3. As a result, maintaining an adequate blood supply is a challenge.
