

Transition to Kindergarten Plan-Form D

Instructions: Adopting a purposeful approach to helping children and families experience and navigate the transition process is essential. Transition should be viewed from a systems perspective that melds best practices. Complete the plan below and submit to OELSR by May 15, 2010 for FY2010 and by May 14, 2011 for FY2011.

Transition to Kindergarten Plan

Describe how the program works with the following groups for transition to Kindergarten:

Children:

Programs work with children to ease the move to kindergarten by building activities into the classroom experiences – i.e., field trips to schools, kindergarten teachers visiting the preschool classroom and reviewing the school routine. Programs support children's use of language and self-help skills.

Describe how your program works with children:

Our preschool classrooms are structured similarly to the Kindergarten classrooms in the district. Daily routines include group time, centers time, individual work time, and special area time (gross/fine motor, music activities, art activities, etc.). As children near Kindergarten age, they are given more responsibility and increased independence in carrying out day-to-day routines. There is integration with the Kindergarten classes on occasion (e.g., recess time, special activities, assemblies, seasonal celebrations). Towards the end of the school year, Kindergarten is discussed more within the preschool classrooms and the children are introduced to Kindergarten teachers within their building. New routines the children will experience as Kindergarteners are discussed as well including the full-day program, riding the bus, eating lunch at school, etc. A specific time is set up for the preschool teacher and transitioning student to go meet the Kindergarten teacher and visit the classroom.

Families:

Programs work with families to help them help their children prepare for school – i.e., providing families with information about school registration, policies, and content standards for kindergarten.

Describe how your program works with families:

The preschool program has a transition meeting with families in January of each year. At this meeting, parents are informed by the School Psychologist of the evaluation process that will occur prior to entering a school-age program. Preschool teachers address factors parents may want to consider when making the decision about moving on to Kindergarten or staying in preschool for one more year. A Kindergarten teacher is present to discuss with families the expectations of Kindergarten as well as the curriculum used. They also talk-through a daily routine and what parents can do to help prepare their child for a successful entrance to Kindergarten. A Special Education Supervisor is present to describe educational service options for students identified as having disabilities. At this meeting, or individually with preschool teachers for parents who do not attend, parents are given information on their home-school for Kindergarten, the registration process, and Kindergarten round-up. At each child's spring conference with the teacher(s) (and further educational team when applicable), the parents are encouraged to visit their child's Kindergarten school, make sure they are enrolled, and begin discussing the transition with their children. Finally, input from Kindergarten teachers about what parents can do to help prepare their child for kindergarten is shared with parents.

The Bloomsbury Handbook of Early Childhood Transitions Research Aline-Wendy Dunlop, Sally Peters, Sharon Lynn Kagan, 2024-09-19 Research into early childhood transitions has become a field in its own right. It is increasingly understood that a positive start in any new setting can influence the child's engagement, sense of belonging, well-being, progression in learning and agency, and may be dependent on the insight of educators and families. And yet there is no research methodology or research methods book dedicated to this growing field of study. Including 27 chapters written by researchers from the UK, New Zealand, the USA, Sweden, Iceland, Australia, and Canada, this handbook presents an overview of the field, exploring its current debates, reflects on its history, and offers suggestions for the future of the field. This book is an essential reference point for anyone studying or undertaking research into transitions in early childhood.

Welcoming Children with Special Needs: Empowering Christian Special Education through Purpose, Policies, and Procedures Julie M. Lane, Ed.D., 2014-10-06 The Christian school community has a unique impetus for impacting the lives of students with special needs. Doctors Lane and Kinnison present this groundbreaking guide for administrators to lay foundational components in order to develop a successful and sustainable special needs program in a Christian school. Kinnison outlines God's purpose for bringing children with special needs into the world. Lane provides step-by-step guidelines for fostering an inclusive and sustainable school environment. This book seeks to support Christian school educators, parents of children with special needs, and disability ministries servants in their quests to transform an under-equipped private educational institution into the indefatigable arms of Jesus that welcome. This book provides guidance to individuals who have and those who intend to develop a special needs program. Special education professors and researchers will find this text vital for working with pre-service Christian educators who wish to serve children with special needs. Christian schools, especially those that may have attempted and failed or continue to struggle with developing their programs, will find this text an oasis for frustrated spirits. The past applications of these principles have achieved remarkable success. Now with this text, leaders and innovators have a succinct, well-ordered guide for expediting their successes.
