fabulist for the first time These vocations inspired originally by Cold War educators injunction to creatively express rather than suppress feelings took utterly idiosyncratic and prescient turns Fahey voraciously consumed ideas in the classroom the counterculture the civil rights struggle the new left through his study of philosophy folklore African American blues and through his experience with psychoanalysis and southern paternalism From these he produced a profoundly and unexpectedly refracted vision of America To read Fahey is to vicariously experience devastating critical energies and self soothing uncertainty passions emerging from a singular location the place where lone white rebel sentiment must regard the rebellion of others Henderson shows the nuance contradictions and sometimes brilliance of Fahey s words that though they were never sung to a tune accompanied his music
