Aaron Durham

NORTH CAROLINA STATE UNIVERSITY

Major: Environmental Science

Academic Year: Senior

Short Biography: I am Aaron Durham and I am majoring in Environmental science with a minor in applied ecology and a focus on water quality. I love to spend time in the outdoors and look to be in that setting going into my professional career. I hope to be a water quality technician in the future and travel around gathering vital information to the safety and protection of natural water sources. I plan to do my part to save the resources the earth has provided so as to make better use of them and keep them around for further generations. I play videogames and spend time outdoors in my free time as well as read though not quite as much as I'd like. I love listening to music and spend probably too much money on headphones and speakers. I'm grateful for this opportunity and many others that have been provided to me through the Doris Duke Conservation Scholars Program and hope to spread some interesting information about Blue Crab habitats that you might not have known.

Presentation ID and Title: (84794) *Crabitat: Assessing the effective nursery habitat for juvenile blue crabs*
