The George Bell-Gerhard Leibholz Correspondence, 2019-03-21 George Bell was one of the most significant British church leaders of the mid 20th century and in many ways he came to define the involvement of British church people with the issues which arose from the Third Reich Gerhard Leibholz a brother in law of Dietrich Bonhoeffer was one of the most senior German lawyers of the period a refugee from Nazism who would become a founding father of the new constitution of the Federal Republic of Germany The two figures first encountered each other in the context of dictatorship and exile and in a brilliant sustained collaboration over many years they fashioned a vigorous

moral response to the crises of Nazism Soviet communism total war and cold war This volume contributes fundamentally to our understanding of the ethical religious legal and political debates which Hitler s regime provoked It also brings to life a vivid picture of the realities of exile and the networks of support which were active internationally in the great refugee crisis of these momentous years With its wealth of primary source material previously unavailable in English this book is an important contribution to the historiography of the Third Reich and will be of great value to scholars and students of Nazism and international history

Using the Schoolwide Enrichment Model With Technology Angela M. Housand,Brian C. Housand,Joseph S. Renzulli,2021-10-10 Using the Schoolwide Enrichment Model With Technology is an extension of a talent development model implemented in more than 2 500 schools across the U S and widely used internationally More than 40 years of research and development have documented the effectiveness of the SEM approach to promoting higher level thinking skills and creative productivity This solution oriented book unlike other books focused on using technology in the classroom recognizes that digital technologies are changing and evolving at lightning speeds Our effective skills for using technology transcend time by focusing on how to find and use digital resources and tools rather than listing the resources that already exist Focusing on the skills that support critical thinking and problem solving decision making and communication the authors seamlessly merge technology to launch students toward independent productivity This accessible and highly practical guide is rich with examples that will change the way you think about education while providing hands on how to guidance for creating a culture of excellence and innovation in your school and classroom

The End of Composition Studies David W Smit,2007-03-29 Setting forth an innovative new model for what it means to be a writing teacher in the era of writing across the curriculum The End of Composition Studies urges a reconceptualization of graduate work in rhetoric and composition systematically critiques the limitations of current pedagogical practices at the postsecondary level and proposes a reorganization of all academic units David W Smit calls into question two major assumptions of the field that writing is a universal ability and that college level writing is foundational to advanced learning Instead Smit holds writing involves a wide range of knowledge and skill that cannot be learned solely in writing classes but must be acquired by immersion in various discourse communities in and out of academic settings The End of Composition Studies provides a compelling rhetoric and rationale for eliminating the field and reenvisioning the profession as truly interdisciplinary a change that is necessary in order to fulfill the needs and demands of students instructors administrators and our democratic society
