Geimer,2014-06-17 In this searing memoir the author the girl at the center of the infamous Roman Polanski sexual assault case breaks a virtual thirty five year silence to tell her story and reflect on the events of that day and their lifelong repercussions March 1977 Southern California Roman Polanski drives a rented Mercedes along Mulholland Drive to Jack Nicholson s house Sitting next to him is an aspiring actress Samantha Geimer recently arrived from York Pennsylvania She is thirteen years old The undisputed facts of what happened in the following hours appear in the court record Polanski spent hours taking pictures of Samantha on a deck overlooking the Hollywood Hills on a kitchen counter topless in a Jacuzzi Wine and Quaaludes were consumed balance and innocence were lost and a young girl s life was altered forever eternally cast as a background player in her own story For months on end the Polanski case dominated the media in the U S and abroad But even with the extensive coverage much about that day and the girl at the center of it all remains a mystery Just about everyone had an opinion about the renowned director and the girl he was accused of drugging and raping Who was the predator Who was the prey Was the girl an innocent victim or a cunning Lolita artfully directed by her ambitious stage mother How could the criminal justice system have failed all the parties concerned in such a spectacular fashion Once Polanski fled the country what became of Samantha the young girl forever associated with one of Hollywood s most notorious episodes Samantha as much as Polanski has been a fugitive since the events of that night more than thirty years ago Taking us far beyond the headlines this memoir reveals a thirteen year old who was simultaneously wise beyond her years and yet terribly vulnerable By telling her story in full for the first time Samantha reclaims her identity and indelibly proves that it is possible to move forward from victim to survivor from confusion to certainty from shame to strength Genre-Busting Dark

Comedies of the 1970s Wes D. Gehring,2016-03-09 This examination of dark comedies of the 1970s focuses on films which concealed black humor behind a misleading genre label All That Jazz 1979 is a musical about death hardly Fred and Ginger territory This masking goes beyond misnomer to a breaking of formula that director Robert Altman called anti genre Altman s MASH 1970 ridiculed the military establishment in general the Vietnam War in particular under the guise of a standard military service comedy The picaresque Western Little Big Man 1970 turned the bluecoats vs Indians formula upside down the audience roots for the Indians instead of the cavalry The book covers 12 essential films including Harold and Maude 1971 Slaughterhouse Five 1972 One Flew Over the Cuckoo s Nest 1975 and Being There 1979 with notes on A Clockwork Orange 1971 These films reveal a compounding complexity that reinforces the absurdity at the heart of dark comedy **Showing**

and Telling: Film heritage institutes and their performance of public accountability Nico de Klerk,2019-03-25

Showing and Telling is the first academic work to explore how publicly funded film heritage institutes account for their mandate in their public activities. It does that by inspecting and evaluating public presentations and visitor information about these presentations. The research was done by juxtaposing two complementary approaches. The first is grounded in the author's experience as a collection researcher and curator and makes a case for the richness of archival objects usually ignored for their lack of aesthetic qualities. The second is a survey of the public activities of 24 institutes worldwide based on their websites in February 2014; the latter constitutes a unique source. This original work uncovers the disconnect between the curatorial activities of these institutes and their missions. A central finding is that publicly funded film heritage institutes give their public an inadequate sense of cinema history. By and large they offer a mainstream oriented repertoire of presentations overwhelmingly consisting of feature fiction; they show a disproportionate amount of recent and new works often through commercial distribution; their screenings consist of an unexplained melee of technological formats, sometimes substandard; and their presentations monotonously frame film as art, although their professed aesthetics are mostly of a cinephile nature and rest on received opinion. Specific materials, early cinema in particular, and specialist knowledge, both historical and methodological, are largely restricted to their network of peer communities. Wholesome transfer of full knowledge in word and image to the public is not a major concern. Showing and Telling concludes with recommendations for curatorial activities. Firstly, with a conceptual apparatus that allows a more complete understanding of film heritage and its histories. Secondly, with a plea for rethinking the institutes' gatekeeper function and for developing more varied, imaginative and informative public presentations both on site and online that reflect the range of their collections and their histories.

Sound in the American Horror Film Jeffrey Bullins, 2024-07-22. The crack of thunder, a blood curdling scream, creaking doors, or maybe complete silence. Sounds such as these have helped frighten and startle horror movie audiences for close to a century. Listen to a Universal classic like *Dracula* or *Frankenstein* and you will hear a very different soundtrack from contemporary horror films. So how did we get from there to here? What scared audiences then compared to now? This examination of the horror film's soundtrack builds on film sound and genre scholarship to demonstrate how horror perhaps more than any other genre utilizes sound to manipulate audience response. Beginning with the Universal pictures of the early 1930s and moving through the next nine decades, it explores connections and contrasts throughout the genre's technical and creative evolution. New enthusiasts or veteran fans of such varied films as *The Mummy*, *Cat People*, *The Day the Earth Stood Still*, *Psycho*, *Halloween*, *A Nightmare on Elm Street*, *Scream*, *The Conjuring*, *Paranormal Activity*, and *A Quiet Place* will find plenty to explore and perhaps a new sonic appreciation within these pages. **70 Years of Indian Cinema, 1913-1983** T. Monstrous Children and Childish Monsters Markus P.J. Bohlmann, Sean Moreland, 2015-03-25. Perhaps because of the wisdom received from our Romantic forbears about the purity of the child depictions of children as monsters, we have held a

tremendous fascination for film audiences for decades Numerous social factors have influenced the popularity and longevity of the monster child trope but its appeal is also rooted in the dual concepts of the child like innocent angelic and the childish selfish mischievous This collection of fresh essays discusses the representation of monstrous children in popular cinema since the 1950s with a focus on the relationship between monstrosity and childness a term whose implications the contributors explore

Repertory Movie Theaters of New York City Ben Davis, 2017-03-14 New York's repertory movie houses specialized in presenting films ignored by mainstream and art house audiences Curating vintage and undistributed movies from various countries they educated the public about the art of film at a time when the cinema had begun to be respected as an art form Operating on shoestring budgets in funky settings each repertory house had its own personality reflecting the preferences of the often eccentric proprietor While a few theaters existed in other cities New York offered the greatest number and variety Focusing on the active years from 1960 through 1994 this book documents the repertory movement in the context of economics and film culture
