*Acknowledgments: Many parts of this paper were unabashedly ripped off from course materials developed by Dr. John Rosenkoetter that were presented to me when I took research methods with John (we will not discuss how long ago that was). The absurdity of the content contained in the paper is entirely my fault, the underlying educational value is largely John's. The fact that I have stolen from him is a tribute to the quality of his teaching. Thank you Dr. Rosenkoetter!*
