Developing Creative Thinking to Improve Academic Writing Azza Abugharsa PhD, 2018-05-08 Developing Creative Thinking to Improve Academic Writing Part Two Advanced Level textbook helps enhancing lateral thinking within the given contextual frame in order to promote students intellectual challenge to produce a comprehensive understanding about the topic This facilitates flexible thinking required to write academic assignments in which arguments are presented for thorough analysis Since rigid judgments can lead to fossilized views it is recommended to emphasize the concept that all opinions are correct from the points of view of their holders In this regard this book helps college students practice improving their triangular thinking skills which emphasize evaluation of all the aspects of the topic in an equal pattern Furthermore this book is useful for ESL college students as well as native speakers of English as it

reinforces transformational learning principles which highlight education by inspiration rather than information. Such a strategy can motivate the students to become more creative, more practical and more resourceful and enable them to transform their learning related thinking abilities and attitudes in order to come to a better understanding of themselves and the world.

New Approaches to the Investigation of Language Teaching and Literature Garcés-Manzanera, Aitor, Carrillo García, María Encarnación, 2023-04-11. In the last two decades the field of language and literature teaching has experienced considerable growth as a result of the wide array of new methodological avenues that have arisen from different angles. This paradigm shift has paved the way for the integration of newly conceived didactic resources such as the mediation of social networks for learning language or the interdisciplinarity of culturally mediated language education. It is crucial to understand this shift in order to ensure students receive the best education possible. *New Approaches to the Investigation of Language Teaching and Literature* presents an overview of the ongoing methodological tools, practices, research designs and strategies used in language and literature teaching and provides education researchers and practitioners with empirically sustained evidence of teaching strategies that may be implemented in language education. Covering key topics such as language skills, adult learners, digital literacy and learning aids, this reference work is ideal for researchers, scholars, academicians, practitioners, educators and students.
